§ 105-130.3A: Expired.

- (3) "Compensation" means wages, salaries, commissions and any other form of remuneration paid to employees for personal services.
- (4) **(Repealed effective for taxable years beginning on or after January 1, 2018)** "Excluded corporation" means any corporation engaged in business as a building or construction contractor, a securities dealer, or a loan company or a corporation that receives more than fifty percent (50%) of its ordinary gross income from intangible property.
- (5) "Nonapportionable income" means all income other than apportionable income.
- (6) **(Repealed effective for taxable years beginning on or after January 1, 2018)** "Public utility" means any corporation that is subject to control of one or more of the following entities: the North Carolina Utilities Commission, the Federal Communications Commission, the Federal Energy Regulatory Commission, or

the Federal Aviation Agency; and that owns or operates for public use any plant, equipment, property, franchise, or license for the transmission of communications, the transportation of goods or persons, or the production, storage, transmission, sale, delivery or furnishing of electricity, water, steam, oil, oil products, or gas. The term also includes a motor carrier of property whose principal business activity is transporting property by motor vehicle for hire over the public highways of this State.

- (7) "Sales" means all gross receipts of the corporation except for the following receipts:
- a. Receipts from a casual sale of property.
 - b. Receipts allocated under subsections (c) through (h) of this section.
 - c. Receipts exempt from taxation.
 - d. The portion of receipts realized from the sale or maturity of securities or other obligations that represents a return of principal.
 - e. **(Effective for taxable years beginning on or after January 1, 2016)**
The portion of receipts from financial swaps and other similar financial derivatives that represents the notional principal amount that generates the cash flow traded in the swap agreement.
 - f. **(Effective for taxable years beginning on or after January 1, 2016)**

- (8) "Casual sale of property" means the sale of any property which was not purchased, produced or acquired primarily for sale in the corporation's regular trade or business.
- (9) "State" means any state of the United States, the District of Columbia, the Commonwealth of Puerto Rico, any territory or possession of the United States, and any foreign country or political subdivision thereof.

(b) A corporation having income from business activity which is taxable both within and without this State shall allocate and apportion its net income or net loss as provided in this section. For purposes of allocation and apportionment, a corporation is taxable in another state if (i) the corporation's business activity in that state subjects it to a net income tax or a tax measured by net income, or (ii) that state has jurisdiction based on the corporation's business activity in that state to subject the corporation to a tax measured by net income regardless whether that state exercises its jurisdiction. For purposes of this section, "business activity" includes any activity by a corporation that would establish a taxable nexus pursuant to 15 United States Code section 381.

(c) Rents and royalties from real or tangible personal property, gains and losses, interest, dividends, patent and copyright royalties and other kinds of income, to the extent that they constitute nonapportionable income, less related expenses shall be allocated as provided in subsections (d) through (h) of this section.

- (d) (1) Net rents and royalties from real property located in this State are allocable to this State.
- (2) Net rents and royalties from tangible personal property are allocable to this State:

- a. If and to the extent that the property is utilized in this State, or
 - b. In their entirety if the corporation's commercial domicile is in this State and the corporation is not organized under the laws of, or is not taxable in, the state in which the property is utilized.
- (3) The extent of utilization of tangible personal property in a state is determined by multiplying the rents and royalties by a fraction, the numerator of which is the number of days of physical location of the property in the state during the rental or royalty period in the income year and the denominator of which is the number of days of physical location of the property everywhere during all rental or royalty periods in the income year. If the physical location of the property during the rental or royalty period is unknown or unascertainable by the corporation, tangible personal property is utilized in the state in which the property was located at the time the rental or royalty payer obtained possession.
- (e)
 - (1) Gains and losses from sales or other disposition of real property located in this State are allocable to this State.
 - (2) Gains and losses from sales or other disposition of tangible personal property are allocable to this State if
 - a. The property had a situs in this State at the time of the sale, or
 - b. The corporation's commercial domicile is in this State and the corporation is not taxable in the state in which the property has a situs.
 - (3) Gains and losses from sales or other disposition of intangible personal property are allocable to this State if the corporation's commercial domicile is in this State.
- (f) Interest and net dividends are allocable to this State if the corporation's commercial domicile is in this State. For purposes of this section, the term "net dividends" means gross dividend income received less related expenses.
- (g)
 - (1) Royalties or similar income received from the use of patents, copyrights, secret processes and other similar intangible property are allocable to this State:
 - a. If and to the extent that the patent, copyright, secret process or other similar intangible property is utilized in this State, or
 - b. If and to the extent that the patent, copyright, secret process or other similar intangible property is utilized in a state in which the taxpayer is not taxable and the taxpayer's commercial domicile is in this State.
 - (2) A patent, secret process or other similar intangible property is utilized in a state to the extent that it is employed in production, fabrication, manufacturing, processing, or other use in the state or to the extent that a patented product is produced in the state. If the basis of receipts from such intangible property does not permit allocation to states or if the accounting procedures do not reflect states of utilization, the intangible property is utilized in the state in which the taxpayer's commercial domicile is located.
 - (3) A copyright is utilized in a state to the extent that printing or other publication originates in the state. If the basis of receipts from copyright royalties does not permit allocation to states or if the accounting procedures do not reflect states of utilization, the copyright is utilized in the state in which the taxpayer's commercial domicile is located.

(h) The income less related expenses from any other activities producing nonapportionable income or investments not otherwise specified in this section is allocable to this State if the business situs of the activities or investments is located in this State.

(i) **(Effective for taxable years beginning before January 1, 2016)** All apportionable income of corporations other than public utilities, excluded corporations, and qualified capital intensive corporations shall be apportioned to this State by multiplying the income by a fraction, the numerator of which is the property factor plus the payroll factor plus twice the sales factor, and the denominator of which is four. If the sales factor does not exist, the denominator of the fraction is the number of existing factors and if the sales factor exists but the payroll factor or the property factor does not exist, the denominator of the fraction is the number of existing factors plus one.

(i) **(Effective for taxable years beginning on or after January 1, 2016 and before January 1, 2017)** Apportionable Income. – Except as otherwise provided in this section, all apportionable income of corporations shall be apportioned to this State by multiplying the income by a fraction, the numerator of which is the property factor plus the payroll factor plus three times the sales factor, and the denominator of which is five. If the sales factor does not exist, the denominator of the fraction is the number of existing factors and if the sales factor exists but the payroll factor or the property factor does not exist, the denominator of the fraction is the number of existing factors plus two.

(i) **(Effective for taxable years beginning on or after January 1, 2017 and before January 1, 2018)** Apportionable Income. – Except as otherwise provided in this section, all apportionable income of corporations shall be apportioned to this State by multiplying the income by a fraction, the numerator of which is the property factor plus the payroll factor plus four times the sales factor, and the denominator of which is six. If the sales factor does not exist, the denominator of the fraction is the number of existing factors and if the sales factor exists but the payroll factor or the property factor does not exist, the denominator of the fraction is the number of existing factors plus three.

(i) **(Effective for taxable years beginning on or after January 1, 2018)** Apportionable Income. – Except as otherwise provided in this section, all apportionable income of corporations shall be apportioned to this State by multiplying the income by the sales factor as determined under subsection (l) of this section.

(j) (1) **(Repealed effective for taxable years beginning on or after January 1, 2018)**

The property factor is a fraction, the numerator of which is the average value of the corporation's real and tangible personal property owned or rented and used in this State during the income year and the denominator of which is the average value of all the corporation's real and tangible personal property owned or rented and used during the income year.

(2) Property owned by the corporation is valued at its original cost. Property rented by the corporation is valued at eight times the net annual rental rate. Net annual rental rate is the annual rental rate paid by the corporation less any annual rental rate received by the corporation from subrentals except that subrentals shall not be deducted when they constitute apportionable income. Any property under construction and any property the income from which constitutes

nonapportionable income shall be excluded in the computation of the property factor.

- (3) The average value of property shall be determined by averaging the values at the beginning and end of the income year, but in all cases the Secretary of Revenue may require the averaging of monthly or other periodic values during the income year if reasonably required to reflect properly the average value of the corporation's property. A corporation that ceases its operations in this State before the end of its income year because of its intention to dissolve or to relinquish its certificate of authority, or because of a merger, conversion, or consolidation, or for any other reason whatsoever shall use the real estate and tangible personal property values as of the first day of the income year and the last day of its operations in this State in determining the average value of property, but the Secretary may require averaging of monthly or other periodic values during the income year if reasonably required to reflect properly the average value of the corporation's property.
- (k) (1) **(Repealed effective for taxable years beginning on or after January 1, 2018)** The payroll factor is a fraction, the numerator of which is the total amount paid in this State during the income year by the corporation as compensation, and the denominator of which is the total compensation paid everywhere during the income year. All compensation paid to general executive officers and all compensation paid in connection with nonapportionable income shall be excluded in computing the payroll factor. General executive officers shall include the chairman of the board, president, vice-presidents, secretary, treasurer, comptroller, and any other officers serving in similar capacities.
- (2) Compensation is paid in this State if:
 - a. The individual's service is performed entirely within the State; or
 - b. The individual's service is performed both within and without the State, but the service performed without the State is incidental to the individual's service within the State; or
 - c. Some of the service is performed in this State and (i) the base of operations or, if there is no base of operations, the place from which the service is directed or controlled is in this State, or (ii) the base of operations or the place from which the service is directed or controlled is not in any state in which some part of the service is performed, but the individual's residence is in this State.
- (l) (1) **(See editor's note)** The sales factor is a fraction, the numerator of which is the total sales of the corporation in this State during the income year, and the denominator of which is the total sales of the corporation everywhere during the income year. Notwithstanding any other provision under this Part, the receipts from any casual sale of property shall be excluded from both the numerator and the denominator of the sales factor. Where a corporation is not taxable in another state on its apportionable income but is taxable in another state only because of nonapportionable income, all sales shall be treated as having been made in this State.
- (2) Sales of tangible personal property are in this State if the property is received in this State by the purchaser. In the case of delivery of goods by common

carrier or by other means of transportation, including transportation by the purchaser, the place at which the goods are ultimately received after all transportation has been completed shall be considered as the place at which the goods are received by the purchaser. Direct delivery into this State by the taxpayer to a person or firm designated by a purchaser from within or without the State shall constitute delivery to the purchaser in this State.

(3) Other sales are in this State if:

- a. The receipts are from real or tangible personal property located in this State; or
- b. The receipts are from intangible property and are received from sources within this State; or
- c. The receipts are from services and the income-producing activities are in this State.

(m) All apportionable income of a railroad company shall be apportioned to this State by multiplying the income by a fraction, the numerator of which is the "railway operating revenue" from business done within this State and the denominator of which is the "total railway operating revenue" from all business done by the company as shown by its records kept in accordance with the standard classification of accounts prescribed by the Interstate Commerce Commission.

"Railway operating revenue" from business done within this State shall mean "railway operating revenue" from business wholly within this State, plus the equal mileage proportion within this State of each item of "railway operating revenue" received from the interstate business of the company. "Equal mileage proportion" shall mean the proportion which the distance of movement of property and passengers over lines in this State bears to the total distance of movement of property and passengers over lines of the company receiving such revenue. "Interstate business" shall mean "railway operating revenue" from the interstate transportation of persons or property into, out of, or through this State. If the Secretary of Revenue finds, with respect to any particular company, that its accounting records are not kept so as to reflect with exact accuracy such division of revenue by State lines as to each transaction involving interstate revenue, the Secretary of Revenue may adopt such regulations, based upon averages, as will approximate with reasonable accuracy the proportion of interstate revenue actually earned upon lines in this State. Provided, that where a railroad is being operated by a partnership which is treated as a corporation for income tax purposes and pays a net income tax to this State, or if located in another state would be so treated and so pay as if located in this State, each partner's share of the net profits shall be considered as dividends paid by a corporation for purposes of this Part and shall be so treated for inclusion in gross income, deductibility, and separate allocation of dividend income.

(n) All apportionable income of a telephone company shall be apportioned to this State by multiplying the income by a fraction, the numerator of which is gross operating revenue from local service in this State plus gross operating revenue from toll services performed wholly within this State plus the proportion of revenue from interstate toll services attributable to this State as shown by the records of the company plus the gross operating revenue in North Carolina from other service less the uncollectible revenue in

this State, and the denominator of which is the total gross operating revenue from all business done by the company everywhere less total uncollectible revenue. Provided, that where a telephone company is required to keep its records in accordance with the standard classification of accounts prescribed by the Federal Communications Commission the amounts in such accounts shall be used in computing the apportionment fraction as provided in this subsection.

(o) All apportionable income of a motor carrier of property shall be apportioned by multiplying the income by a fraction, the numerator of which is the number of vehicle miles in this State and the denominator of which is the total number of vehicle miles of the company everywhere. The words "vehicle miles" shall mean miles traveled by vehicles owned or operated by the company hauling property for a charge or traveling on a scheduled route.

(p) All apportionable income of a motor carrier of passengers shall be apportioned by multiplying the income by a fraction, the numerator of which is the number of vehicle miles in this State and the denominator of which is the total number of vehicle miles of the company everywhere. The words "vehicle miles" shall mean miles traveled by vehicles owned or operated by the company carrying passengers for a fare or traveling on a scheduled route.

(q) All apportionable income of a telegraph company shall be apportioned by multiplying the income by a fraction, the numerator of which is the property factor plus the payroll factor plus the sales factor and the denominator of which is three.

The property factor shall be as defined in subsection (j) of this section, the payroll factor shall be as defined in subsection (k) of this section, and the sales factor shall be as defined in subsection (l) of this section.

(r) **(Repealed effective for taxable years beginning on or after January 1, 2018)** All apportionable income of an excluded corporation and of all other public utilities shall be apportioned by multiplying the income by the sales factor as determined under subsection (l) of this section.

(s) **(Effective for taxable years beginning before January 1, 2016)** All apportionable income of an air or water transportation corporation shall be apportioned by a fraction, the numerator of which is the corporation's revenue ton miles in this State and the denominator of which is the corporation's revenue ton miles everywhere. The term "revenue ton mile" means one ton of passengers, freight, mail, or other cargo carried one mile. In making this computation, a passenger is considered to weigh two hundred pounds.

(s) **(Effective for taxable years beginning on or after January 1, 2016)** All apportionable income of an air transportation corporation or a water transportation corporation shall be apportioned by a fraction, the numerator of which is the corporation's revenue ton miles in this State and the denominator of which is the corporation's revenue ton miles everywhere. A qualified air freight forwarder shall use the revenue ton mile fraction of its affiliated air carrier. The following definitions apply in this subsection:

- (1) Air carrier. – A corporation engaged in the business of transporting any combination of passengers or property of any kind in interstate commerce, and

the majority of the corporation's revenue ton miles everywhere are attributed to transportation by aircraft.

- (2) Air transportation corporation. – One or more of the following:
 - a. An air carrier that carries any combination of passengers or property of any kind.
 - b. A qualified air freight forwarder.
- (3) Qualified air freight forwarder. – A corporation that is an affiliate of an air carrier and whose air freight forwarding business is primarily carried on with the affiliated air carrier.
- (4) Revenue ton mile. – One ton of passengers, freight, mail, or other cargo carried one mile by the air transportation corporation or water transportation corporation by aircraft, motor vehicle, or vessel. In making this computation, a passenger is considered to weigh two hundred pounds.

(s1) (Repealed effective for taxable years beginning on or after January 1, 2018)

All apportionable income of a qualified capital intensive corporation shall be apportioned by multiplying the income by the sales factor as determined under subsection (l) of this section. A "qualified capital intensive corporation" is a corporation that satisfies all of the conditions of this subsection. A corporation that is subject to this subsection must list on its return the property, payroll, and sales factors it used in determining whether it is a qualified capital intensive corporation. If the corporation fails to invest one billion dollars (\$1,000,000,000) in private funds within nine years as required by subdivision (2) of this subsection, the benefit of this subsection expires and the corporation must apportion income as it would otherwise be required to do under this section absent this subsection. The conditions are:

- (1) The corporation's property factor as a percentage of the sum of the factors in the formula set out in subsection (i) of this section, including the doubling of the sales factor, exceeds seventy-five percent (75%) or the corporation's average property factor for the preceding three years as a percentage of the average sum of the factors in the formula set out in subsection (i) of this section, including the doubling of the sales factors, for the preceding three years exceeds seventy-five percent (75%).
- (2) The Secretary of Commerce makes a written determination that the corporation has invested or is expected to invest at least one billion dollars (\$1,000,000,000) in private funds to construct a facility in this State within nine years after the time that construction begins. For the purposes of this subsection, costs of construction include costs of acquiring and improving land for the facility, costs for renovations or repairs to existing buildings, and costs of equipping or reequipping the facility.
- (3) The corporation maintains the average number of employees it has at the facility during the first two years after the facility is placed in service for the remainder of time in which the corporation must complete the investment required under subdivision (2) of this subsection.
- (4) The facility that satisfies the condition of subdivision (2) of this subsection is located in a county that was designated as a development tier one or two area at the time construction of the facility began.

- (5) The corporation satisfies a wage standard at the facility that satisfies the condition of subdivision (2) of this subsection. For the purposes of this subdivision, the wage standard that must be satisfied is the one established under G.S. 105-164.3(33c)a.
- (6) The corporation provides health insurance for all of its full-time employees at the facility that satisfies the condition of subdivision (2) of this subsection. For the purposes of this subdivision, a company provides health insurance if it satisfies the provisions of G.S. 105-164.3(33c)c.

(t) Repealed by Session Laws 2007-491, s. 2, effective January 1, 2008. For applicability, see Editor's note.

(t1) Alternative Apportionment Method. – A corporation that believes the statutory apportionment method that otherwise applies to it under this section subjects a greater portion of its income to tax than is attributable to its business in this State may make a written request to the Secretary for permission to use an alternative method. The request must set out the reasons for the corporation's belief and propose an alternative method.

The statutory apportionment method that otherwise applies to a corporation under this section is presumed to be the best method of determining the portion of the corporation's income that is attributable to its business in this State. A corporation has the burden of establishing by clear, cogent, and convincing proof that the proposed alternative method is a better method of determining the amount of the corporation's income attributable to the corporation's business in this State.

The Secretary must issue a written decision on a corporation's request for an alternative apportionment method. If the decision grants the request, it must describe the alternative method the corporation is authorized to use and state the tax years to which the alternative method applies. A decision may apply to no more than three tax years. A corporation may renew a request to use an alternative apportionment method by following the procedure in this subsection. A decision of the Secretary on a request for an alternative apportionment method is final and is not subject to administrative or judicial review. A corporation authorized to use an alternative method may apportion its income in accordance with the alternative method or the statutory method. A corporation may not use an alternative apportionment method except upon written order of the Secretary, and any return in which any alternative apportionment method, other than the method prescribed by statute, is used without permission of the Secretary is not a lawful return.

 - f. **(Effective for taxable years beginning on or after January 1, 2016)**
Receipts in the nature of dividends subtracted under G.S. 105-130.5(b)(3a), (3b), and dividends excluded for federal tax purposes.
- (8) State. – A state of the United States, the District of Columbia, the Commonwealth of Puerto Rico, any territory or possession of the United States, and any foreign country or political subdivision thereof.

(b) Multistate Corporations. – A corporation having income from business activity which is taxable both within and without this State shall allocate and apportion its net income or net loss as provided in this section. For purposes of allocation and apportionment, a corporation is taxable in another state if either of the following applies:

- (1) The corporation's business activity in that state subjects it to a net income tax or a tax measured by net income.
- (2) That state has jurisdiction based on the corporation's business activity in that state to subject the corporation to a tax measured by net income regardless whether that state exercises its jurisdiction.

(c) Nonapportionable Income. – Rents and royalties from real or tangible personal property, gains and losses, interest, dividends, patent and copyright royalties and other kinds of income, to the extent that they constitute nonapportionable income, less related expenses shall be allocated as provided in subsections (d) through (h) of this section.

(d) Rents and Royalties. – Net rents and royalties are allocable to this State as follows:

- (1) Net rents and royalties from real property located in this State are allocable to this State.
 - (2) Net rents and royalties from tangible personal property are allocable to this State:
 - a. If and to the extent that the property is utilized in this State, or
 - b. In their entirety if the corporation's commercial domicile is in this State and the corporation is not organized under the laws of, or is not taxable in, the state in which the property is utilized.
 - (3) The extent of utilization of tangible personal property in a state is determined by multiplying the rents and royalties by a fraction, the numerator of which is the number of days of physical location of the property in the state during the rental or royalty period in the income year and the denominator of which is the number of days of physical location of the property everywhere during all rental or royalty periods in the income year. If the physical location of the property during the rental or royalty period is unknown or unascertainable by the corporation, tangible personal property is utilized in the state in which the property was located at the time the rental or royalty payer obtained possession.
- (e) Gains and Losses. – Gains and losses are allocable to this State as follows:
- (1) Gains and losses from sales or other disposition of real property located in this State are allocable to this State.
 - (2) Gains and losses from sales or other disposition of tangible personal property are allocable to this State if
 - a. The property had a situs in this State at the time of the sale, or
 - b. The corporation's commercial domicile is in this State and the corporation is not taxable in the state in which the property has a situs.
 - (3) Gains and losses from sales or other disposition of intangible personal property are allocable to this State if the corporation's commercial domicile is in this State.

(f) Interest and Net Dividends. – Interest and net dividends are allocable to this State if the corporation's commercial domicile is in this State. For purposes of this section, the term "net dividends" means gross dividend income received less related expenses.

(g) Intangible Property. – Intangible property is allocable to this State as follows:

- (1) Royalties or similar income received from the use of patents, copyrights, secret processes and other similar intangible property are allocable to this State:
 - a. If and to the extent that the patent, copyright, secret process or other similar intangible property is utilized in this State, or
 - b. If and to the extent that the patent, copyright, secret process or other similar intangible property is utilized in a state in which the taxpayer is not taxable and the taxpayer's commercial domicile is in this State.

- (2) A patent, secret process or other similar intangible property is utilized in a state to the extent that it is employed in production, fabrication, manufacturing, processing, or other use in the state or to the extent that a patented product is produced in the state. If the basis of receipts from such intangible property does not permit allocation to states or if the accounting procedures do not reflect states of utilization, the intangible property is utilized in the state in which the taxpayer's commercial domicile is located.
- (3) A copyright is utilized in a state to the extent that printing or other publication originates in the state. If the basis of receipts from copyright royalties does not permit allocation to states or if the accounting procedures do not reflect states of utilization, the copyright is utilized in the state in which the taxpayer's commercial domicile is located.

(h) Other Income. – The income less related expenses from any other activities producing nonapportionable income or investments not otherwise specified in this section is allocable to this State if the business situs of the activities or investments is located in this State.

(i) **(Effective for taxable years beginning before January 1, 2016)** Apportionable Income. – All apportionable income of corporations other than public utilities, excluded corporations, and qualified capital intensive corporations shall be apportioned to this State by multiplying the income by a fraction, the numerator of which is the property factor plus the payroll factor plus twice the sales factor, and the denominator of which is four. If the sales factor does not exist, the denominator of the fraction is the number of existing factors and if the sales factor exists but the payroll factor or the property factor does not exist, the denominator of the fraction is the number of existing factors plus one.

(i) **(Effective for taxable years beginning on or after January 1, 2016, and before January 1, 2017)** Apportionable Income. – Except as otherwise provided in this section, all apportionable income of corporations shall be apportioned to this State by multiplying the income by a fraction, the numerator of which is the property factor plus the payroll factor plus three times the sales factor, and the denominator of which is five. If the sales factor does not exist, the denominator of the fraction is the number of existing factors and if the sales factor exists but the payroll factor or the property factor does not exist, the denominator of the fraction is the number of existing factors plus two.

(i) **(Effective for taxable years beginning on or after January 1, 2017, and before January 1, 2018)** Apportionable Income. – Except as otherwise provided in this section, all apportionable income of corporations shall be apportioned to this State by multiplying the income by a fraction, the numerator of which is the property factor plus the payroll factor plus four times the sales factor, and the denominator of which is six. If the sales factor does not exist, the denominator of the fraction is the number of existing factors and if the sales factor exists but the payroll factor or the property factor does not exist, the denominator of the fraction is the number of existing factors plus three.

(i) **(Effective for taxable years beginning on or after January 1, 2018)** Apportionable Income. – Except as otherwise provided in this section, all apportionable income of corporations shall be apportioned to this State by multiplying the income by the sales factor as determined under subsection (l) of this section.

- (j) (1) **(Repealed effective for taxable years beginning on or after January 1, 2018)**
The property factor is a fraction, the numerator of which is the average value of the corporation's real and tangible personal property owned or rented and used in this State during the income year and the denominator of which is the average value of all the corporation's real and tangible personal property owned or rented and used during the income year.
- (2) Property owned by the corporation is valued at its original cost. Property rented by the corporation is valued at eight times the net annual rental rate. Net annual rental rate is the annual rental rate paid by the corporation less any annual rental rate received by the corporation from subrentals except that subrentals shall not be deducted when they constitute apportionable income. Any property under construction and any property the income from which constitutes nonapportionable income shall be excluded in the computation of the property factor.
- (3) The average value of property shall be determined by averaging the values at the beginning and end of the income year, but in all cases the Secretary of Revenue may require the averaging of monthly or other periodic values during the income year if reasonably required to reflect properly the average value of the corporation's property. A corporation that ceases its operations in this State before the end of its income year because of its intention to dissolve or to relinquish its certificate of authority, or because of a merger, conversion, or consolidation, or for any other reason whatsoever shall use the real estate and tangible personal property values as of the first day of the income year and the last day of its operations in this State in determining the average value of property, but the Secretary may require averaging of monthly or other periodic values during the income year if reasonably required to reflect properly the average value of the corporation's property.
- (k) (1) **(Repealed effective for taxable years beginning on or after January 1, 2018)**
The payroll factor is a fraction, the numerator of which is the total amount paid in this State during the income year by the corporation as compensation, and the denominator of which is the total compensation paid everywhere during the income year. All compensation paid to general executive officers and all compensation paid in connection with nonapportionable income shall be excluded in computing the payroll factor. General executive officers shall include the chairman of the board, president, vice-presidents, secretary, treasurer, comptroller, and any other officers serving in similar capacities.
- (2) Compensation is paid in this State if:
- a. The individual's service is performed entirely within the State; or
 - b. The individual's service is performed both within and without the State, but the service performed without the State is incidental to the individual's service within the State; or
 - c. Some of the service is performed in this State and (i) the base of operations or, if there is no base of operations, the place from which the service is directed or controlled is in this State, or (ii) the base of operations or the place from which the service is directed or controlled

is not in any state in which some part of the service is performed, but the individual's residence is in this State.

- (l) (1) **(See editor's note)** The sales factor is a fraction, the numerator of which is the total sales of the corporation in this State during the income year, and the denominator of which is the total sales of the corporation everywhere during the income year. Notwithstanding any other provision under this Part, the receipts from any casual sale of property shall be excluded from both the numerator and the denominator of the sales factor. Where a corporation is not taxable in another state on its apportionable income but is taxable in another state only because of nonapportionable income, all sales shall be treated as having been made in this State.
- (2) Sales of tangible personal property are in this State if the property is received in this State by the purchaser. In the case of delivery of goods by common carrier or by other means of transportation, including transportation by the purchaser, the place at which the goods are ultimately received after all transportation has been completed shall be considered as the place at which the goods are received by the purchaser. Direct delivery into this State by the taxpayer to a person or firm designated by a purchaser from within or without the State shall constitute delivery to the purchaser in this State.
- (3) Other sales are in this State if any of the following occur:
 - a. The receipts are from real or tangible personal property located in this State, and includes receipts from incidental services sold as part of, or in connection with, the sale of tangible personal property in this State.
 - b. The receipts are from intangible property and are received from sources within this State.
 - c. The receipts are from services and the income-producing activities are in this State. For the purposes of this subdivision, an "income-producing activity" means an activity directly performed by the taxpayer or its agents for the ultimate purpose of generating the sale of the service. Receipts from income-producing activities performed within and without this State are attributed to this State in proportion to the income-producing activities performed in this State to total income-producing activities performed everywhere that generate the sale of service.

(m) Railroad Company. – All apportionable income of a railroad company shall be apportioned to this State by multiplying the income by a fraction, the numerator of which is the "railway operating revenue" from business done within this State and the denominator of which is the "total railway operating revenue" from all business done by the company as shown by its records kept in accordance with generally accepted accounting principles.

If the Secretary of Revenue finds, with respect to any particular company, that its accounting records are not kept so as to reflect with exact accuracy such division of revenue by State lines as to each transaction involving interstate revenue, the Secretary of Revenue may adopt such regulations, based upon averages, as will approximate with reasonable accuracy the proportion of interstate revenue actually earned upon lines in this State.

Provided, that where a railroad is being operated by a partnership which is treated as a corporation for income tax purposes and pays a net income tax to this State, or if located in another state would be so treated and so pay as if located in this State, each partner's share of the net profits shall be considered as dividends paid by a corporation for purposes of this Part and shall be so treated for inclusion in gross income, deductibility, and separate allocation of dividend income.

The following definitions apply in this subsection:

- (1) Equal mileage proportion. – The proportion which the distance of movement of property and passengers over lines in this State bears to the total distance of movement of property and passengers over lines of the company receiving such revenue.
- (2) Interstate business. – Railroad operating revenue from the interstate transportation of persons or property into, out of, or through this State.
- (3) Railway operating revenue from business done within this State. – Railroad operating revenue from business wholly within this State, plus the equal mileage proportion within this State of each item of railway operating revenue received from the interstate business of the company.

(n) (Repealed effective for taxable years beginning on or after January 1, 2017)

All apportionable income of a telephone company shall be apportioned to this State by multiplying the income by a fraction, the numerator of which is gross operating revenue from local service in this State plus gross operating revenue from toll services performed wholly within this State plus the proportion of revenue from interstate toll services attributable to this State as shown by the records of the company plus the gross operating revenue in North Carolina from other service less the uncollectible revenue in this State, and the denominator of which is the total gross operating revenue from all business done by the company everywhere less total uncollectible revenue. Provided, that where a telephone company is required to keep its records in accordance with the standard classification of accounts prescribed by the Federal Communications Commission the amounts in such accounts shall be used in computing the apportionment fraction as provided in this subsection.

(o) Motor Carrier. – All apportionable income of a motor carrier of property or a motor carrier of people shall be apportioned by multiplying the income by a fraction, the numerator of which is the number of vehicle miles in this State and the denominator of which is the total number of vehicle miles of the company everywhere. The words "vehicle miles" shall mean miles traveled by vehicles owned or operated by the company based upon one of the following:

- (1) Miles on a scheduled route.
- (2) Miles hauling property for a charge.
- (3) Miles carrying passengers for a fare.

(p) (Repealed effective for taxable years beginning on or after January 1, 2017)

All apportionable income of a motor carrier of passengers shall be apportioned by multiplying the income by a fraction, the numerator of which is the number of vehicle miles in this State and the denominator of which is the total number of vehicle miles of the company everywhere. The words "vehicle miles" shall mean miles traveled by vehicles

owned or operated by the company carrying passengers for a fare or traveling on a scheduled route.

(q) (Repealed effective for taxable years beginning on or after January 1, 2017)

All apportionable income of a telegraph company shall be apportioned by multiplying the income by a fraction, the numerator of which is the property factor plus the payroll factor plus the sales factor and the denominator of which is three.

The property factor shall be as defined in subsection (j) of this section, the payroll factor shall be as defined in subsection (k) of this section, and the sales factor shall be as defined in subsection (l) of this section.

(r) (Repealed effective for taxable years beginning on or after January 1, 2018)

All apportionable income of an excluded corporation and of all other public utilities shall be apportioned by multiplying the income by the sales factor as determined under subsection (l) of this section.

The following definitions apply in this subsection:

- (1) Excluded corporation. – Any corporation engaged in business as a building or construction contractor, a securities dealer, or a loan company or a corporation that receives more than fifty percent (50%) of its ordinary gross income from intangible property.
- (2) Public utility. – Any corporation that is subject to control of one or more of the following entities: the North Carolina Utilities Commission, the Federal Communications Commission, the Federal Energy Regulatory Commission, or the Federal Aviation Agency; and that owns or operates for public use any plant, equipment, property, franchise, or license for the transmission of communications, the transportation of goods or persons, or the production, storage, transmission, sale, delivery, or furnishing of electricity, water, steam, oil, oil products, or gas. The term also includes a motor carrier of property whose principal business activity is transporting property by motor vehicle for hire over the public highways of this State.

(s) (Effective for taxable years beginning before January 1, 2016) All apportionable income of an air or water transportation corporation shall be apportioned by a fraction, the numerator of which is the corporation's revenue ton miles in this State and the denominator of which is the corporation's revenue ton miles everywhere. The term "revenue ton mile" means one ton of passengers, freight, mail, or other cargo carried one mile. In making this computation, a passenger is considered to weigh two hundred pounds.

(s) (Effective for taxable years beginning on or after January 1, 2016) Transportation Corporation. – All apportionable income of an air transportation corporation or a water transportation corporation shall be apportioned by a fraction, the numerator of which is the corporation's revenue ton miles in this State and the denominator of which is the corporation's revenue ton miles everywhere. A qualified air freight forwarder shall use the revenue ton mile fraction of its affiliated air carrier. The following definitions apply in this subsection:

- (1) Air carrier. – A corporation engaged in the business of transporting any combination of passengers or property of any kind in interstate commerce, and

the majority of the corporation's revenue ton miles everywhere are attributed to transportation by aircraft.

- (2) Air transportation corporation. – One or more of the following:
 - a. An air carrier that carries any combination of passengers or property of any kind.
 - b. A qualified air freight forwarder.
- (3) Qualified air freight forwarder. – A corporation that is an affiliate of an air carrier and whose air freight forwarding business is primarily carried on with the affiliated air carrier.
- (4) Revenue ton mile. – One ton of passengers, freight, mail, or other cargo carried one mile by the air transportation corporation or water transportation corporation by aircraft, motor vehicle, or vessel. In making this computation, a passenger is considered to weigh two hundred pounds.

(s1) (Repealed effective for taxable years beginning on or after January 1, 2018)

All apportionable income of a qualified capital intensive corporation shall be apportioned by multiplying the income by the sales factor as determined under subsection (l) of this section. A "qualified capital intensive corporation" is a corporation that satisfies all of the conditions of this subsection. A corporation that is subject to this subsection must list on its return the property, payroll, and sales factors it used in determining whether it is a qualified capital intensive corporation. If the corporation fails to invest one billion dollars (\$1,000,000,000) in private funds within nine years as required by subdivision (2) of this subsection, the benefit of this subsection expires and the corporation must apportion income as it would otherwise be required to do under this section absent this subsection. The conditions are:

- (1) The corporation's property factor as a percentage of the sum of the factors in the formula set out in subsection (i) of this section, including the doubling of the sales factor, exceeds seventy-five percent (75%) or the corporation's average property factor for the preceding three years as a percentage of the average sum of the factors in the formula set out in subsection (i) of this section, including the doubling of the sales factors, for the preceding three years exceeds seventy-five percent (75%).
- (2) The Secretary of Commerce makes a written determination that the corporation has invested or is expected to invest at least one billion dollars (\$1,000,000,000) in private funds to construct a facility in this State within nine years after the time that construction begins. For the purposes of this subsection, costs of construction include costs of acquiring and improving land for the facility, costs for renovations or repairs to existing buildings, and costs of equipping or reequipping the facility.
- (3) The corporation maintains the average number of employees it has at the facility during the first two years after the facility is placed in service for the remainder of time in which the corporation must complete the investment required under subdivision (2) of this subsection.
- (4) The facility that satisfies the condition of subdivision (2) of this subsection is located in a county that was designated as a development tier one or two area at the time construction of the facility began.

- (5) The corporation satisfies a wage standard at the facility that satisfies the condition of subdivision (2) of this subsection. For the purposes of this subdivision, the wage standard that must be satisfied is the one established under G.S. 105-164.3(33c)a.
- (6) The corporation provides health insurance for all of its full-time employees at the facility that satisfies the condition of subdivision (2) of this subsection. For the purposes of this subdivision, a company provides health insurance if it satisfies the provisions of G.S. 105-164.3(33c)c.

(s2) Pipeline Company. – Receipts from transportation of a petroleum-based liquids pipeline company shall be apportioned by multiplying the income by a fraction, the numerator of which is the number of barrel miles in this State during the tax year and the denominator of which is the total number of barrel miles everywhere during the tax year. For purposes of this section, the term "barrel mile" means one barrel of liquid property transported one mile.

(t) Repealed by Session Laws 2007-491, s. 2, effective January 1, 2008. For applicability, see Editor's note.

(t1) Alternative Apportionment Method. – A corporation that believes the statutory apportionment method that otherwise applies to it under this section subjects a greater portion of its income to tax than is attributable to its business in this State may make a written request to the Secretary for permission to use an alternative method. The request must set out the reasons for the corporation's belief and propose an alternative method.

The statutory apportionment method that otherwise applies to a corporation under this section is presumed to be the best method of determining the portion of the corporation's income that is attributable to its business in this State. A corporation has the burden of establishing by clear, cogent, and convincing proof that the proposed alternative method is a better method of determining the amount of the corporation's income attributable to the corporation's business in this State.

The Secretary must issue a written decision on a corporation's request for an alternative apportionment method. If the decision grants the request, it must describe the alternative method the corporation is authorized to use and state the tax years to which the alternative method applies. A decision may apply to no more than three tax years. A corporation may renew a request to use an alternative apportionment method by following the procedure in this subsection. A decision of the Secretary on a request for an alternative apportionment method is final and is not subject to administrative or judicial review. A corporation authorized to use an alternative method may apportion its income in accordance with the alternative method or the statutory method. A corporation may not use an alternative apportionment method except upon written order of the Secretary, and any return in which any alternative apportionment method, other than the method prescribed by statute, is used without permission of the Secretary is not a lawful return.

§ 105-130.5A. Secretary's authority to adjust net income or require a combined return.

(a) Notice. – When the Secretary has reason to believe that any corporation so conducts its trade or business in such manner as to fail to accurately report its State net income properly attributable to its business carried on in the State through the use of

transactions that lack economic substance or are not at fair market value between members of an affiliated group of entities, the Secretary may, upon written notice to the corporation, require any information reasonably necessary to determine whether the corporation's intercompany transactions have economic substance and are at fair market value and for the accurate computation of the corporation's State net income properly attributable to its business carried on in the State. The corporation must provide the information requested within 90 days of the date of the notice.

(b) **Adjust Net Income.** – If upon review of the information provided, the Secretary finds as a fact that the corporation's intercompany transactions lack economic substance or are not at fair market value, the Secretary may redetermine the State net income of the corporation properly attributable to its business carried on in the State under this section by (i) adding back, eliminating, or otherwise adjusting intercompany transactions to accurately compute the corporation's State net income properly attributable to its business carried on in the State, or, if such adjustments are not adequate under the circumstances to redetermine State net income, (ii) requiring the corporation to file a return that reflects the net income on a combined basis of all members of its affiliated group that are conducting a unitary business. The Secretary shall consider and be authorized to use any reasonable method proposed by the corporation for redetermining its State net income attributable to its business carried on in the State. In determining whether the corporation's intercompany transactions lack economic substance or are not at fair market value, the Secretary shall consider each taxable year separately.

(c) **Voluntary Redetermination.** – In addition to the authority granted under subsection (b) of this section, if the Secretary has reason to believe that any corporation's State net income properly attributable to its business carried on in this State is not accurately reported on a separate return required by this Part because of intercompany transactions, without making a finding that those transactions lack economic substance or are not at fair market value, the Secretary and the corporation may jointly determine and agree to an alternative filing methodology that accurately reports State net income. The Secretary is authorized to allow any reasonable method for redetermining the corporation's State net income attributable to its business carried on in this State.

(d) **Combined Return.** – If the Secretary finds as a fact that a combined return is required, the Secretary may, upon written notice to the corporation, require the corporation to submit the combined return, and the corporation shall submit the combined return within 90 days of the date of the notice. The submission by the corporation of the combined return required by the Secretary shall not be deemed to be a return or construed as an agreement by the corporation that an assessment based on the combined return is correct or that additional tax is due by the Secretary's deadline for submitting the combined return. The Secretary or the corporation may propose a combination of fewer than all members of the unitary group, and the Secretary shall be authorized to consider whether such proposed combination is a reasonable means of redetermining State net income; provided, however, the Secretary shall not require a combination of fewer than all members of the unitary group without the consent of the corporation.

(e) **Written Statement of Findings.** – If the Secretary makes an adjustment or requires a combined return under this section, the Secretary shall provide the corporation with a written statement containing detail of the facts, circumstances, and reasons for which the Secretary has found as a fact that the corporation did not accurately report its State net income properly attributable to its business carried on in the State and the Secretary's proposed method for computation of the corporation's State net income no later than 90 days following the issuance of a proposed assessment as provided in this section.

(f) **Members of Affiliated Group.** – The Secretary may require a combined return under this section regardless of whether the members of the affiliated group are or are not doing business in this State.

(g) **Economic Substance.** – A transaction has economic substance if (i) the transaction, or the series of transactions of which the transaction is a part, has one or more reasonable business purposes other than the creation of State income tax benefits and (ii) the transaction, or the series of transactions of which the transaction is a part, has economic effects beyond the creation of State income tax benefits. In determining whether a transaction has economic substance, all of the following apply:

- (1) Reasonable business purposes and economic effects include, but are not limited to, any material benefit from the transaction other than State income tax benefits not allowable under subdivision (3) of this subsection.
- (2) In determining whether to require a combined return, whether the transaction has economic effects beyond the creation of State income tax benefits may be satisfied by demonstrating material business activity of the entities involved in the transaction.
- (3) If State income tax benefits resulting from a transaction, or a series of transactions of which the transaction is a part, are consistent with legislative intent, such State income tax benefits shall be considered in determining whether such transaction has business purpose and economic substance.
- (4) Centralized cash management of an affiliated group as defined in subsection (j) of this section shall not constitute evidence of an absence of economic substance.
- (5) Achieving a financial accounting benefit shall not be taken into account as a reasonable business purpose for entering into a transaction if the origin of such financial accounting benefit is a reduction of State income tax.

(h) **Allocation of Income and Deductions.** – In determining whether transactions between members of the affiliated group of entities are not at fair market value, the Secretary shall apply the standards contained in the regulations adopted under section 482 of the Code.

(i) **Apportionment.** – If the Secretary requires a combined return under this section, the combined State net income of the corporation and the members of the affiliated group of entities shall be apportioned to this State by use of an apportionment formula that accurately reports the State net income properly attributable to the corporation's business carried on in the State and which fairly reflects the apportionment formula in G.S. 105-130.4 applicable to the corporation and each member of the affiliated group included in the combined return.

(j) **Affiliated Group Defined.** – For purposes of this section, an affiliated group is a group of two or more corporations or noncorporate entities in which more than fifty percent (50%) of the voting stock of each member corporation or ownership interest of each member noncorporate entity is directly or indirectly owned or controlled by a common owner or owners, either corporate or noncorporate, or by one or more of the member corporations or noncorporate entities. Nothing in this subsection shall be construed to limit or negate the Secretary's authority to add back, eliminate, or otherwise adjust intercompany transactions involving the listed entities to accurately compute the corporation's State net income properly attributable to its business carried on in the State, as provided in subsection (b) of this section.

The following entities shall not be included in a combined return:

- (1) A corporation not required to file a federal income tax return.
- (2) An insurance company, other than a captive insurance company, (i) which is subject to tax under Article 8B of this Chapter, (ii) whose premiums are subject to tax under Article 21 of Chapter 58 or a similar tax in another state, (iii) which is licensed as a reinsurance company, (iv) which is a life insurance company as defined in Section 816 of the Code, or (v) which is an insurance company subject to tax imposed by Section 831 of the Code. A "captive insurance company" means an insurer that is part of an affiliated group where the insurer receives more than fifty percent (50%) of its net written premiums or other amounts received as compensation for insurance from members of the affiliated group.
- (3) A corporation exempt from taxation under section 501 of the Code.
- (4) An S corporation.
- (5) A foreign corporation as defined in section 7701 of the Code, other than a domestic branch thereof.
- (6) A partnership, limited liability company, or other entity not taxed as a corporation.
- (7) A corporation with at least eighty percent (80%) of its gross income from all sources in the tax year being active foreign business income as defined in section 861(c)(1)(B) of the Code in effect as of July 1, 2009.

(k) **Proposed Assessment or Refund.** – If the Secretary redetermines the State net income of the corporation in accordance with this section by adjusting the State net income of the corporation or requiring a combined return, the Secretary shall issue a proposed assessment or refund upon making such redetermination. The procedures for a proposed assessment or a refund in Article 9 of Chapter 105 shall be applicable to proposed assessments and refunds made under this section.

(l) **Penalties.** – If a combined return required by this section is not timely submitted by a corporation, then the corporation is subject to the penalties provided in G.S. 105-236(a)(3). Penalties shall not be imposed on an assessment under this section except as expressly authorized in this section and in G.S. 105-236(a)(5)f.

(m) **Advice.** – A corporation may request in writing from the Secretary specific advice regarding whether a redetermination of the corporation's State net income or a combined return would be required under this section under certain facts and

circumstances. The Secretary may request information from the taxpayer that is required to provide the specific advice. The Secretary shall provide the specific advice within 120 days of the receipt of the requested information from the taxpayer. G.S. 105-264 governs the effect of this advice.

(n) Extension. – The Secretary and the taxpayer may extend any time limit contained in this section by mutual agreement.

(o) Other Tax Adjustments. – Nothing in this section shall be construed to limit or negate the Secretary's authority to make tax adjustments as otherwise permitted by law, except that the Secretary shall not make adjustments pursuant to this section that limit a corporation's options for reporting royalty payments under G.S. 105-130.7A.

(p) Appeals. – If the corporation appeals a final determination by the Department under this section to the Office of Administrative Hearings in a contested tax case, the administrative law judge shall review de novo (i) whether the separate income tax returns submitted by the taxpayer fail to report State net income properly attributable to its business carried on in this State through the use of intercompany transactions that lack economic substance or are not at fair market value between members of an affiliated group of entities; (ii) whether the Department's means of determining the corporation's State net income under this section is an appropriate means of determining the corporation's State net income properly attributable to this State; and (iii) if a combined return is required by the Department, whether adjustments other than requiring the corporation to file a return on a combined basis are adequate under the circumstances to redetermine State net income. (2011-390, s. 2; 2011-411, s. 8(a), (b).)

§ 105-130.5B. Adjustments when State decouples from federal accelerated depreciation and expensing.

(a) Special Accelerated Depreciation. – A taxpayer who takes a special accelerated depreciation deduction for property under section 168(k) or 168(n) of the Code must add to the taxpayer's federal taxable income eighty-five percent (85%) of the amount taken for that year under those Code provisions. A taxpayer is allowed to deduct twenty percent (20%) of the add-back in each of the first five taxable years following the year the taxpayer is required to include the add-back in income.

(b) 2009 Depreciation Exception. – A taxpayer who placed property in service during the 2009 taxable year and whose North Carolina taxable income for the 2009 taxable year reflected a special accelerated depreciation deduction allowed for the property under section 168(k) of the Code must add eighty-five percent (85%) of the amount of the special accelerated depreciation deduction to its federal taxable income for the 2010 taxable year. A taxpayer is allowed to deduct this add-back under subsection (a) of this section as if it were for property placed in service in 2010.

(c) Section 179 Expense. – For purposes of this subdivision, the definition of section 179 property has the same meaning as under section 179 of the Code. A taxpayer who places section 179 property in service during a taxable year must add to the taxpayer's federal taxable income eighty-five percent (85%) of the amount by which the taxpayer's expense deduction under section 179 of the Code exceeds the dollar and investment

limitation for the taxable year. For taxable years 2010, 2011, and 2012, the dollar limitation is two hundred and fifty thousand dollars (\$250,000) and the investment limitation is eight hundred thousand dollars (\$800,000). For taxable years beginning on or after 2013, the dollar limitation is twenty-five thousand dollars (\$25,000) and the investment limitation is two hundred thousand dollars (\$200,000).

A taxpayer is allowed to deduct twenty percent (20%) of the add-back in each of the first five taxable years following the year the taxpayer is required to include the add-back in income.

(d) Asset Basis. – The adjustments made in this section do not result in a difference in basis of the affected assets for State and federal income tax purposes, except as modified in subsection (e) of this section.

(e) Bonus Asset Basis. – In the event of an actual or deemed transfer of an asset occurring on or after January 1, 2013, wherein the tax basis of the asset carries over from the transferor to the transferee for federal income tax purposes, the transferee must add any remaining deductions allowed under subsection (a) of this section to the basis of the transferred asset and depreciate the adjusted basis over any remaining life of the asset. Notwithstanding the provisions of subsection (a) of this section, the transferor is not allowed any remaining future bonus depreciation deductions associated with the transferred asset.

(f) Prior Transactions. – For any transaction meeting both the requirements of subsection (e) of this section prior to January 1, 2013, and the conditions of this subsection, the transferor and transferee can make an election to make the basis adjustment allowed in that subsection on the transferee's 2013 tax return. If the asset has been disposed of or has no remaining useful life on the books of the transferee, the remaining bonus depreciation deduction may be allowed on the transferee's 2013 tax return. For this subsection to apply, the following conditions must be met:

- (1) The transferor has not taken the bonus depreciation deduction on a prior return.
- (2) The transferor certifies in writing to the transferee that the transferor will not take any remaining deductions allowed under subsection (a) of this section for tax years beginning on or after January 1, 2013, for depreciation associated with the transferred asset.

(g) Tax Basis. – For transactions described in subsections (e) or (f) of this section, federal taxable income must be increased or decreased to account for any difference in the amount of depreciation, amortization, or gains or losses applicable to the property that has been depreciated or amortized by use of a different basis or rate for State income tax purposes than used for federal income tax purposes. (2013-414, s. 34(b); 2014-3, s. 2.1(a); 2015-2, s. 1.2(a); 2016-6, s. 2(a).)

§ 105-130.6: Repealed by Session Laws 2011-390, s. 1, effective for taxable years beginning on or after January 1, 2012.

§ 105-130.6A. (Repealed effective for taxable years beginning on or after January 1, 2016) Adjustment for expenses related to dividends.

(a) Definitions. – The definitions in G.S. 105-130.2 govern the determination of whether a corporation is a subsidiary or an affiliate of another corporation. In addition, the following definitions apply in this section:

- (1) Affiliated group. – A group that includes a corporation, all other corporations that are affiliates or subsidiaries of that corporation, and all other corporations that are affiliates or subsidiaries of another corporation in the group.
- (2) Bank holding company. – A holding company with an affiliate that is subject to the privilege tax on banks levied in G.S. 105-102.3.
- (3) Dividends. – Dividends received that are not taxed under this Part.
- (4) Electric power holding company. – A holding company with an affiliate or a subsidiary that is engaged in the business of producing electric power.
- (5) Expense adjustment. – The adjustment required by G.S. 105-130.5(c)(3) for expenses related to dividends not taxed under this Part.
- (6) Holding company. – Defined in G.S. 105-120.2.

(b) General Rule. – For corporations other than bank holding companies and electric power holding companies, the adjustment under G.S. 105-130.5(c)(3) for expenses related to dividends not taxed under this Part may not exceed an amount equal to fifteen percent (15%) of the dividends.

(c) Bank Holding Companies. – For bank holding companies the adjustment under G.S. 105-130.5(c)(3) for expenses related to dividends not taxed under this Part may not exceed an amount equal to twenty percent (20%) of the dividends.

(d) Electric Power Holding Companies. – For electric power holding companies, the adjustment under G.S. 105-130.5(c)(3) for expenses related to dividends not taxed under this Part may not exceed an amount equal to fifteen percent (15%) of its total interest expenses.

(e) Cap for Bank Holding Companies. – After calculating the expense adjustment as provided in subsection (c) of this section, each bank holding company must calculate the amount of additional tax that results from the expense adjustments for the holding company and for every corporation in the holding company's affiliated group for the taxable year. If the expense adjustments result in additional tax exceeding eleven million dollars (\$11,000,000) for a taxable year for the affiliated group, the affiliated group may reduce the amount of the expense adjustment so that the resulting additional tax does not exceed this maximum. This maximum applies once to each affiliated group each taxable year, whether or not the group includes more than one bank holding company.

The members of the affiliated group may allocate this reduction among themselves in their discretion. In order to take this reduction, each member of the affiliated group that is required to file a return under this Part and that has dividends for the taxable year must provide a schedule with its return that lists every member of the group that has dividends, the amount of the dividends, and whether the member is a bank holding company. In addition, the schedule must show the expense adjustments for those members whose additional tax as a result of the expense adjustment constitutes the maximum amount. In addition, each member must provide any other documentation required by the Secretary.

If the expense adjustment for an affiliated group is reduced under this subsection, and the return of a member of the group is later changed in a manner that reduces below the

maximum the amount of additional tax for the group resulting from the expense adjustment, the Secretary may increase the expense adjustment for any member of the group in order to increase to the maximum the amount of additional tax for the group resulting from the expense adjustment. In this situation, the amount of the increase is considered a forfeited tax benefit with respect to the affiliated group for the purposes of G.S. 105-241.8. The date of the forfeiture is the date of the change that triggers the Secretary's authority to increase the expense adjustment. Any member whose expense adjustment the Secretary increases is liable for interest on the amount of the increase at the rate established under G.S. 105-241.21 computed from the date the taxes would have been due if the expense adjustment had been calculated correctly on the original return. The amount of the increase and the interest are due 60 days after the date of the forfeiture. A taxpayer that fails to pay the amount of the increase and interest by the due date is subject to the penalties provided in G.S. 105-236.

(f) Credits for Bank Holding Companies. – If the affiliated group of which a bank holding company is a member is eligible for the reduction provided in subsection (e) of this section for a taxable year, the affiliated group is also eligible for a credit equal to two million dollars (\$2,000,000). If the affiliated group of which a bank holding company is a member is not eligible for the reduction provided in subsection (e) of this section for a taxable year, the affiliated group is eligible for a credit equal to the amount of additional tax that results from its expense adjustments in excess of the amount of additional tax that would result from the expense adjustments if the expense adjustment of any bank holding company in the group were equal to fifteen percent (15%) of the holding company's dividends for that taxable year.

A credit allowed by this subsection may be taken in four equal, annual installments beginning with the later of the following taxable year or the taxpayer's taxable year beginning in 2003. The members of the affiliated group may allocate a credit allowed by this subsection among themselves in their discretion.

(g) Credit for Electric Power Holding Companies. – After calculating the adjustment for expenses related to dividends under G.S. 105-130.5(c)(3), each electric power holding company must calculate the amount of additional tax under this Part that results from the expense adjustment for the taxable year. The electric power holding company is allowed a credit for the following taxable year equal to one-half of this amount of additional tax.

As an alternative to taking this credit against its own tax liability, an electric power holding company may elect to allocate the credit among the members of its affiliated group. In this case, the credit must be taken in four equal installments beginning in the later of the following taxable year or the taxable year for which the taxpayer's final return is due in 2004.

(h) Limitation on Credits. – The credits provided in this section are allowed against the tax levied in this Part and the franchise tax levied in Article 3 of this Chapter. A taxpayer may claim a credit against only one of the taxes against which it is allowed. Each taxpayer must elect the tax against which the credit will be taken when filing the return on which the first installment of the credit is claimed. This election is binding. All installments and carryforwards of the credit must be taken against the same tax.

In order for a member of an affiliated group to take a credit, each member of the affiliated group that is required to file a return under this Part or under Article 3 of this Chapter must attach a schedule to its return that shows for every member of the group the amount of the credit taken by it, the tax against which it is taken, and the amount of the resulting tax. In addition, each member must provide any other documentation required by the Secretary.

A credit allowed in this section may not exceed the amount of tax against which it is taken for the taxable year reduced by the sum of all credits allowable, except tax payments made by or on behalf of the taxpayer. Any unused portion of the credit may be carried forward to succeeding taxable years. (2002-136, s. 2; 2007-491, s. 13; 2013-316, s. 4.1(b); 2013-414, s. 36; 2015-241, s. 32.13(e).)

§ 105-130.7: Repealed by Session Laws 2003-349, s. 1.1, effective January 1, 2003.

§ 105-130.7A. Royalty income reporting option.

(a) Purpose. – Royalty payments received for the use of intangible property in this State are income derived from doing business in this State. This section provides taxpayers with an option concerning the method by which these royalties can be reported for taxation when the recipient and the payer are related members. As provided in this section, these royalty payments can be either (i) deducted by the payer and included in the income of the recipient, or (ii) added back to the income of the payer and excluded from the income of the recipient. Exercising the royalty reporting income option provided in this section does not prevent a taxpayer from having taxable nexus in this State as otherwise provided in this Article and does not permit the recipient of the income to exclude royalty payments from its calculation of sales as defined in G.S. 105-130.4.

(b) Definitions. – The following definitions apply in this section:

- (1) Component member. – Defined in section 1563(b) of the Code.
- (1a) Intangible property. – Copyrights, patents, and trademarks.
- (2) North Carolina royalty. – An amount charged that is for, related to, or in connection with the use in this State of intangible property. The term includes royalty and technical fees, licensing fees, and other similar charges.
- (3) Own. – To own directly, indirectly, beneficially, or constructively. The attribution rules of section 318 of the Code apply in determining ownership under this section.
- (4) Related entity. – Any of the following:
 - a. A stockholder who is an individual, or a member of the stockholder's family enumerated in section 318 of the Code, if the stockholder and the members of the stockholder's family own in the aggregate at least eighty percent (80%) of the value of the taxpayer's outstanding stock.
 - b. A stockholder, or a stockholder's partnership, limited liability company, estate, trust, or corporation, if the stockholder and the stockholder's partnerships, limited liability companies, estates, trusts, and corporations own in the aggregate at least fifty percent (50%) of the value of the taxpayer's outstanding stock.

- c. A corporation, or a party related to the corporation in a manner that would require an attribution of stock from the corporation to the party or from the party to the corporation under the attribution rules of section 318 of the Code, if the taxpayer owns at least eighty percent (80%) of the value of the corporation's outstanding stock.
- (5) Related member. – A person that, with respect to the taxpayer during any part of the taxable year, is one or more of the following:
 - a. A related entity.
 - b. A component member.
 - c. A person to or from whom there would be attribution of stock ownership in accordance with section 1563(e) of the Code if the phrase "5 percent or more" were replaced by "twenty percent (20%) or more" each place it appears in that section.
- (6) Royalty payment. – Either of the following:
 - a. Expenses, losses, and costs paid, accrued, or incurred for North Carolina royalties, to the extent the amounts are allowed as deductions or costs in determining taxable income before operating loss deduction and special deductions for the taxable year under the Code.
 - b. Amounts directly or indirectly allowed as deductions under section 163 of the Code, to the extent the amounts are paid, accrued, or incurred for a time price differential charged for the late payment of any expenses, losses, or costs described in this subdivision.
- (7) Trademark. – A trademark, trade name, service mark, or other similar type of intangible asset.
- (8) Use. – Use of intangible property includes direct or indirect maintenance, management, ownership, sale, exchange, or disposition of the intangible property.

(c) Election. – For the purpose of computing its State net income, a taxpayer must add royalty payments made to, or in connection with transactions with, a related member during the taxable year. This addition is not required for an amount of royalty payments that meets any of the following conditions:

- (1) The related member includes the amount as income on a return filed under this Part for the same taxable year that the amount is deducted by the taxpayer, and the related member does not elect to deduct the amount pursuant to G.S. 105-130.5(b)(20).
- (2) The taxpayer can establish that the related member during the same taxable year directly or indirectly paid, accrued, or incurred the amount to a person who is not a related member.
- (3) The taxpayer can establish that the related member to whom the amount was paid is organized under the laws of a country other than the United States, the country has a comprehensive income tax treaty with the United States, and the country imposes a tax on the royalty income of the related member at a rate that equals or exceeds the rate set in G.S. 105-130.3.

(d) Indirect Transactions. – For the purpose of this section, an indirect transaction or relationship has the same effect as if it were direct. (2001-327, s. 1(b); 2003-416, s. 15; 2006-66, s. 24A.3(a); 2006-196, s. 10; 2016-5, s. 1.5.)

§ 105-130.7B. (Effective for taxable years beginning on or after January 1, 2016)
Limitation on qualified interest for certain indebtedness.

(a) **Limitation.** – In determining State net income, a deduction is allowed only for qualified interest expense paid or accrued by the taxpayer to a related member during a taxable year. This section does not limit the Secretary's authority to adjust a taxpayer's net income as it relates to payments to or charges by a parent, subsidiary, or affiliated corporation in excess of fair compensation in an intercompany transaction under G.S. 105-130.5(a)(9).

(b) **Definitions.** – The definitions in G.S. 105-130.7A apply in this section. In addition, the following definitions apply in this section:

- (1) **(Repealed effective for taxable years beginning on or after January 1, 2017)**
Adjusted taxable income. – State net income of the taxpayer determined without regard to this section and other adjustments as the Secretary may by rule provide.
- (2) **Bank.** – One or more of the following, or a subsidiary or affiliate of one or more of the following:
 - a. A bank holding company as defined in the federal Bank Holding Company Act of 1956, as amended.
 - b. One or more of the following entities incorporated or chartered under the laws of this State, another state, or the United States:
 1. A bank. This term has the same meaning as defined in G.S. 53C-1-4.
 2. A savings bank. This term has the same meaning as defined in G.S. 54C-4.
 3. A savings and loan association. This term has the same meaning as defined in G.S. 54B-4.
 4. A trust company. This term has the same meaning as defined in G.S. 53C-1-4.

- (3a) **(Effective for taxable years beginning before January 1, 2017)** Proportionate share of interest. – The amount of taxpayer's net interest expense paid or accrued directly to or through a related member to an ultimate payer divided by the total net interest expense of all related members that is paid or accrued directly to or through a related member to the same ultimate payer, multiplied by the interest paid or accrued to a person who is not a related member by the ultimate payer. Any amount that is distributed, paid, or accrued directly or through a related member that is not treated as interest under this Part does not qualify.
- (3a) **(Effective for taxable years beginning on or after January 1, 2017)** Proportionate share of interest. – The amount of taxpayer's net interest expense paid or accrued directly to or through a related member to an ultimate payer divided by the total net interest expense of all related members that is paid or

accrued directly to or through a related member to the same ultimate payer, multiplied by the interest paid or accrued to a person who is not a related member by the ultimate payer. Any amount that is distributed, paid, or accrued directly or through a related member that is not treated as interest under this Part does not qualify. In determining whether a nominal debt instrument creates deductible interest allowable under this section, the Secretary will not apply the covered debt instrument rules contained in the regulations promulgated under section 385 of the Code.

- (4) **(Effective for taxable years beginning before January 1, 2017)** Qualified interest expense. – The amount of net interest expense paid or accrued to a related member in a taxable year with the amount limited to the greater of (i) fifteen percent (15%) of the taxpayer's adjusted taxable income or (ii) the taxpayer's proportionate share of interest paid or accrued to a person who is not a related member during the same taxable year. This limitation does not apply to interest paid or accrued to a related member if one or more of the following applies:
- a. The State imposes an income tax on the interest income of the related member under this Article.
 - b. Another state imposes an income tax or gross receipts tax on the interest income of the related member. Interest amounts eliminated by combined or consolidated return requirements do not qualify as interest that is subject to tax under this sub-subdivision.
 - c. The related member is organized under the laws of a foreign country that has a comprehensive income tax treaty with the United States, and that country taxes the interest income at a rate equal to or greater than G.S. 105-130.3.
 - d. The related member is a bank.
- (4) **(Effective for taxable years beginning on or after January 1, 2017)** Qualified interest expense. – The amount of net interest expense paid or accrued to a related member in a taxable year with the amount limited to the taxpayer's proportionate share of interest paid or accrued to a person who is not a related member during the same taxable year. This limitation does not apply to interest paid or accrued to a related member if one or more of the following applies:
- a. The State imposes an income tax on the interest income of the related member under this Article.
 - b. Another state imposes an income tax or gross receipts tax on the interest income of the related member. Interest amounts eliminated by combined or consolidated return requirements do not qualify as interest that is subject to tax under this sub-subdivision.
 - c. The related member is organized under the laws of a foreign country that has a comprehensive income tax treaty with the United States, and that country taxes the interest income at a rate equal to or greater than G.S. 105-130.3.
 - d. The related member is a bank.
- (5) Ultimate payer. – A related member that receives or accrues interest from related members directly or through a related member and pays or accrues

interest to a person who is not a related member. (2015-241, s. 32.13(f); 2016-5, ss. 1.8(a), (b); 2017-204, ss. 1.6(a), (b).)

§ 105-130.8. (Repealed effective for taxable years beginning on or after January 1, 2015) Net economic loss.

(a) Net economic losses sustained by a corporation in any or all of the 15 preceding income years shall be allowed as a deduction to the corporation subject to the following limitations:

- (1) The purpose in allowing the deduction of a net economic loss of a prior year is to grant some measure of relief to the corporation that has incurred economic misfortune or is otherwise materially affected by strict adherence to the annual accounting rule in the determination of net income. The deduction allowed in this section does not authorize the carrying forward of any particular items or category of loss except to the extent that the loss results in the impairment of the net economic situation of the corporation so as to result in a net economic loss as defined in this section.
- (2) The net economic loss for any year means the amount by which allowable deductions for the year other than prior year losses exceed income from all sources in the year including any income not taxable under this Part.
- (3) Any net economic loss of prior years brought forward and claimed as a deduction in any income year may be deducted from net income of the year only to the extent that the loss carried forward from the prior years exceeds any income not taxable under this Part received in the same year in which the deduction is claimed, except that in the case of a corporation required to allocate and apportion to North Carolina its net income, only that proportionate part of the net economic loss of a prior year shall be deductible from total income allocable to this State as would be determined by the use of the allocation and apportionment provisions of G.S. 105-130.4 for the year of the loss.
- (4) A net economic loss carried forward from any year shall first be applied to, or offset by, any income taxable or nontaxable of the next succeeding year before any portion of the loss may be carried forward to a succeeding year.
- (5) For purposes of this section, any income item deductible in determining State net income under the provisions of G.S. 105-130.5 and any nonapportionable income not allocable to this State under the provisions of G.S. 105-130.4 shall be considered as income not taxable under this Part. The amount of the income item considered income not taxable under this Part is determined after subtracting related expenses for which a deduction was allowed under this Part.

§ 105-130.20. Federal determinations and amended returns.

(a) Federal Determination. – If a taxpayer's federal taxable income or a federal tax credit is changed or corrected by the Commissioner of Internal Revenue or other officer of the United States or other competent authority, and the change or correction affects the amount of State tax payable, the taxpayer must file an income tax return reflecting each change or correction from a federal determination within six months after being notified of each change or correction. The Secretary must propose an assessment for any additional tax due from the taxpayer as provided in Article 9 of this Chapter. The Secretary must refund any overpayment of tax as provided in Article 9 of this Chapter. A federal determination has the same meaning as defined in G.S. 105-228.90.

(b) Amended Return. – The following applies to an amended return filed by a taxpayer with the Commissioner of Internal Revenue:

- (1) If the amended return contains an adjustment that would increase the amount of State tax payable under this Part, then notwithstanding the provisions of G.S. 105-241.8(a), the taxpayer must file within six months thereafter an amended return with the Secretary.

- (2) If the amended return contains an adjustment that would decrease the amount of State tax payable under this Part, the taxpayer may file an amended return with the Secretary within the provisions of G.S. 105-241.6.

(c) Penalties. – A taxpayer that fails to comply with this section is subject to the penalties in G.S. 105-236 and forfeits the right to any refund due by reason of the determination. (1939, c. 158, s. 334; 1947, c. 501, s. 4; 1949, c. 392, s. 3; 1957, c. 1340, s. 14; 1963, c. 1169, s. 2; 1967, c. 1110, s. 3; 1973, c. 476, s. 193; 1993 (Reg. § 105-130.21. Information at the source.

(a) Every corporation having a place of business or having one or more employees, agents or other representatives in this State, in whatever capacity acting, including lessors or mortgagors of real or personal property, or having the control, receipt, custody, disposal, or payment of interest (other than interest coupons payable to the bearer), rent, salaries, wages, premiums, annuities, compensations, remunerations, emoluments or other fixed or determinable annual or periodical gains or profits paid or payable during any year to any taxpayer, shall make complete return thereof to the Secretary of Revenue under such regulations and in such form and manner and to such extent as may be prescribed by him. The filing of any report in compliance with the provisions of this section by a foreign corporation shall not constitute an act in evidence of and shall not be deemed to be evidence that such corporation is doing business in this State.

(b) Every corporation doing business or having a place of business in this State shall file with the Secretary of Revenue, on such form and in such manner as he may prescribe, the names and addresses of all taxpayers, residents of North Carolina, to whom dividends have been paid and the amount of such dividends during the income year. (1939, c. 158, s. 328; 1945, c. 708, s. 4; 1957, c. 1340, s. 4; 1967, c. 1110, s. 3; 1973, c. 476, s. 193.)

§ 105-130.22: Repealed by Session Laws 2013-316, s. 2.1(b), effective for taxable years beginning on or after January 1, 2014.

§ 105-130.23. Repealed by Session Laws 1999-342, s. 1, effective for taxable years beginning on or after January 1, 2000.

§ 105-130.24. Repealed by Session Laws 1983 (Regular Session, 1984), c. 1004, s. 2.

§ 105-130.25. Credit against corporate income tax for construction of cogenerating power plants.

(a) Credit. – A corporation or a partnership, other than a public utility as defined in G.S. 62-3(23), that constructs a cogenerating power plant in North Carolina is allowed as a credit against the tax imposed by this Part an amount equal to ten percent (10%) of the costs paid during the taxable year to purchase and install the electrical or mechanical power generation equipment of that plant. The credit may not be taken for the year in which the costs are paid but shall be taken for the taxable year beginning during the calendar year following the calendar year in which the costs were paid. To be eligible for the credit allowed by this section, the corporation or partnership must own or control the power plant at the time of construction. The credit allowed by this section may not exceed the amount of tax imposed by this Part for the year reduced by the sum of all credits allowed, except payments of tax made by or on behalf of the taxpayer.

(b) **Cogenerating Power Plant Defined.** – For purposes of this section, a cogenerating power plant is a power plant that sequentially produces electrical or mechanical power and useful thermal energy using natural gas as its primary energy source.

(c) **Alternative Method.** – A taxpayer eligible for the credit allowed by this section may elect to treat the costs paid during an earlier year as if they were paid during the year the plant becomes operational. This election must be made on or before April 15 following the calendar year in which the plant becomes operational. The election must be in the form prescribed by the Secretary and must contain any supporting documentation the Secretary may require. An election with respect to costs paid by a partnership must be made by the partnership and is binding on any partners to whom the credit is passed through.

The costs with respect to which this election is made will be treated, for the purposes of this section, as if they had actually been paid in the year the plant becomes operational. If a taxpayer makes this election, however, the credit may not exceed one-fourth the amount of tax imposed by this Part for the year reduced by the sum of all credits allowed, except payments of tax by or on behalf of the taxpayer, but any unused portion of the credit may be carried forward for the next 10 taxable years. An election made under this subsection is irrevocable.

(d) **Application.** – To be eligible for the credit allowed in this section, a taxpayer must file an application for the credit with the Secretary on or before April 15 following the calendar year in which the costs were paid. The application shall be in the form prescribed by the Secretary and shall include any supporting documentation the Secretary may require. An application with respect to costs paid by a partnership must be made by the partnership on behalf of its partners.

(e) **Ceiling.** – The total amount of all tax credits allowed to taxpayers under this section for payments for construction and installation made in a calendar year may not exceed five million dollars (\$5,000,000). The Secretary shall calculate the total amount of tax credits claimed from the applications filed pursuant to subsection (d). If the total amount of tax credits claimed for payments made in a calendar year exceeds five million dollars (\$5,000,000), the Secretary shall allow a portion of the credits claimed by allocating the total allowable amount among all taxpayers claiming the credits in proportion to the size of the credit claimed by each taxpayer. In no case may the total amount of all tax credits allowed under this section for costs paid in a calendar year exceed five million dollars (\$5,000,000).

If a credit claimed under this section is reduced as provided in this subsection, the Secretary shall notify the taxpayer of the amount of the reduction of the credit on or before December 31 of the year the taxpayer applied for the credit. The amount of the reduction of the credit may be carried forward and claimed for the next 10 taxable years if the taxpayer reapplies for a credit for the amount of the reduction, as provided in subsection (d). In such a reapplication, the costs for which a credit is claimed shall be considered as if they had been paid in the year preceding the reapplication. The Secretary's allocations based on applications filed pursuant to subsection (d) are final and shall not be adjusted to account for credits applied for but not claimed. (1979, c. 801, s. 34; 1993 (Reg. Sess., 1994), c. 674, ss. 1, 2, 4; 1995, c. 17, s. 2; 1998-98, s. 69.)

§ **105-130.45. (Repealed effective January 1, 2018) Credit for manufacturing cigarettes for exportation.**

(a) Definitions. – The following definitions apply in this section:

- (1) Base year exportation volume. – The number of cigarettes manufactured and exported by a corporation during the calendar year 2003.
- (2) Exportation. – The shipment of cigarettes manufactured in the United States to any of the following sufficient to relieve the cigarettes in the shipment of the federal excise tax on cigarettes:
 - a. A foreign country.
 - b. A possession of the United States.
 - c. A commonwealth of the United States that is not a state.

- (3) Successor in business. – A corporation that through amalgamation, merger, acquisition, consolidation, or other legal succession becomes invested with the rights and assumes the burdens of the predecessor corporation and continues the cigarette exportation business.

(b) Credit. – A corporation engaged in the business of manufacturing cigarettes for exportation to a foreign country and that waterborne exports cigarettes and other tobacco products through the North Carolina State Ports during the taxable year is allowed a credit against the taxes levied by this Part. The amount of credit allowed under this section is determined by comparing the exportation volume of the corporation in the year for which the credit is claimed with the corporation's base year exportation volume, rounded to the nearest whole percentage. In the case of a successor in business, the amount of credit allowed under this section is determined by comparing the exportation volume of the corporation in the year for which the credit is claimed with all of the corporation's predecessor corporations' combined base year exportation volume, rounded to the nearest whole percentage. The amount of credit allowed may not exceed six million dollars (\$6,000,000) and is computed as follows:

Current Year's Exportation Volume Compared to its Base Year's Exportation Volume	Amount of Credit per Thousand Cigarettes Exported
120% or more	40¢
119% – 100%	35¢
99% – 80%	30¢
79% – 60%	25¢
59% – 50%	20¢
Less than 50%	None

(c) Cap. – The credit allowed under this section may not exceed the lesser of six million dollars (\$6,000,000) or fifty percent (50%) of the amount of tax imposed by this Part for the taxable year reduced by the sum of all other credits allowable, except tax payments made by or on behalf of the taxpayer. This limitation applies to the cumulative amount of the credit allowed in any tax year, including carryforwards claimed by the taxpayer under this section for previous tax years. Any unused portion of a credit allowed in this section may be carried forward for the next succeeding ten years.

(d) Documentation of Credit. – A corporation that claims the credit under this section must include the following with its tax return:

- (1) A statement of the base year exportation volume.
- (2) A statement of the exportation volume on which the credit is based.
- (3) A list of the corporation's export volumes shown on its monthly reports to the Alcohol and Tobacco Tax and Trade Bureau of the United States Treasury for the months in the tax year for which the credit is claimed.

(e) No Double Credit. – A taxpayer may not claim this credit and the credit allowed under G.S. 105-130.46 for the same activity.

(f) Report. – The Department must include in the economic incentives report required by G.S. 105-256 the following information itemized by taxpayer:

- (1) The number of taxpayers taking a credit allowed in this section.
- (2) The total amount of exports with respect to which credits were taken.
- (3) The total cost to the General Fund of the credits taken. (1999-333, s. 4; 2003-435, 2nd Ex. Sess., ss. 5.1, 5.2, 5.3; 2005-429, s. 2.10; 2010-166, s. 1.12.)

§ 105-130.46. (See notes for expiration date) Credit for manufacturing cigarettes for exportation while increasing employment and utilizing State Ports.

(a) Purpose. – The credit authorized by this section is intended to enhance the economy of this State by encouraging qualifying cigarette manufacturers to increase employment in this State with the purpose of expanding this State's economy, the use of the North Carolina State Ports, and the use of other State goods and services, including tobacco.

(b) Definitions. – The following definitions apply in this section:

- (1) Employment level. – The total number of full-time jobs and part-time jobs converted into full-time equivalences. A job is included in the employment level for a year only if that job is located within the State for more than six months of the year. A job is located in this State if more than fifty percent (50%) of the employee's duties are performed in this State.
- (2) Exportation. – The shipment of cigarettes manufactured in the United States to a foreign country sufficient to relieve the cigarettes in the shipment of the federal excise tax on cigarettes.
- (3) Full-time job. – A position that requires at least 1,600 hours of work per year and is intended to be held by one employee during the entire year.
- (4) Successor in business. – A corporation that through amalgamation, merger, acquisition, consolidation, or other legal succession becomes invested with the rights and assumes the burdens of the predecessor corporation and continues the cigarette exportation business.

(c) Employment Level. – In order to be eligible for a full credit allowed under this section, the corporation must maintain an employment level in this State for the taxable year that exceeds the corporation's employment level in this State at the end of the 2004 calendar year by at least 800 full-time jobs. In the case of a successor in business, the corporation must maintain an employment level in this State for the taxable year that exceeds all its predecessor corporations' combined employment levels in this State at the end of the 2004 calendar year by at least 800 full-time jobs.

(d) Credit. – A corporation that satisfies the employment level requirement under subsection (c) of this section, is engaged in the business of manufacturing cigarettes for exportation, and exports cigarettes and other tobacco products through the North Carolina State Ports during the taxable year is allowed a credit as provided in this section. The amount of credit allowed under this section is equal to forty cents (40¢) per one thousand cigarettes exported. The amount of credit earned during the taxable year may not exceed ten million dollars (\$10,000,000).

(e) Reduction of Credit. – A corporation that has previously satisfied the qualification requirements of this section but that fails to satisfy the employment level requirement in a succeeding year may still claim a partial credit for the year in which the employment level requirement is not satisfied. The partial credit allowed is equal to the credit that would otherwise be allowed under subsection (d) of this section multiplied by a fraction. The numerator of the fraction is the number of full-time jobs by which the corporation's employment level in this State for the taxable year exceeds the corporation's employment level in this State at the end of the 2004 calendar year. The denominator of the fraction is 800. In the case of a successor in business, the numerator of the fraction is the number of full-time jobs by which the corporation's employment level in this State for the taxable year exceeds all its predecessor corporations' combined employment levels in this State at the end of the 2004 calendar year.

(f) Allocation. – The credit allowed by this section may be taken against the income taxes levied under this Part or the franchise taxes levied under Article 3 of this Chapter. When the taxpayer claims a credit under this section, the taxpayer must elect the percentage of the credit to be applied against the taxes levied under this Part with any remaining percentage to be applied against the taxes levied under Article 3 of this Chapter. This election is binding for the year in which it is made and for any carryforwards. A taxpayer may elect a different allocation for each year in which the taxpayer qualifies for a credit.

(g) Ceiling. – The total amount of credit that may be taken in a taxable year under this section may not exceed the lesser of the amount of credit which may be earned for that year under subsection (d) of this section or fifty percent (50%) of the amount of tax against which the credit is taken for the taxable year reduced by the sum of all other credits allowable, except tax payments made by or on behalf of the taxpayer. This limitation applies to the cumulative amount of the credit allowed in any tax year, including carryforwards claimed by the taxpayer under this section or G.S. 105-130.45 for previous tax years.

(h) Carryforward. – Any unused portion of a credit allowed in this section may be carried forward for the next succeeding 10 years. All carryforwards of a credit must be taken against the tax against which the credit was originally claimed. A successor in business may take the carryforwards of a predecessor corporation as if they were carryforwards of a credit allowed to the successor in business.

(i) Documentation of Credit. – A corporation that claims the credit under this section must include the following with its tax return:

- (1) A statement of the exportation volume on which the credit is based.
- (2) A list of the corporation's export volumes shown on its monthly reports to the Alcohol and Tobacco Tax and Trade Bureau of the United States Treasury for the months in the tax year for which the credit is claimed.
- (3) Any other information required by the Department of Revenue.

(j) No Double Credit. – A taxpayer may not claim this credit and the credit allowed under G.S. 105-130.45 for the same activity.

(k) Report. – The Department must include in the economic incentives report required by G.S. 105-256 the following information itemized by taxpayer:

- (1) The number of taxpayers that took the credit allowed in this section.
- (2) The amount of cigarettes and other tobacco products exported through the North Carolina State Ports with respect to which credits were taken.
- (3) The percentage of domestic leaf content in cigarettes produced during the previous year, as reported by the taxpayer.
- (4) The total cost to the General Fund of the credits taken. (2003-435, 2nd Ex. Sess., s. 6.1; 2004-170, s. 16(a); 2010-166, s. 1.13.)

§ 105-130.47. (Repealed for qualifying expenses occurring on or after January 1, 2015) Credit for qualifying expenses of a production company.

(a) Definitions. – The following definitions apply in this section:

- (1) Highly compensated individual. – An individual who directly or indirectly receives compensation in excess of one million dollars (\$1,000,000) for personal services with respect to a single production. An individual receives compensation indirectly when a production company pays a personal service company or an employee leasing company that pays the individual.
- (2) Live sporting event. – A scheduled sporting competition, game, or race that is not originated by a production company, but originated solely by an amateur, collegiate, or professional organization, institution, or association for live or tape-delayed television or satellite broadcast. A live sporting event does not include commercial advertising, an episodic television series, a television pilot, a music video, a motion picture, or a documentary production in which sporting events are presented through archived historical footage or similar footage taken at least 30 days before it is used.
- (3) Production company. – Defined in G.S. 105-164.3.
- (4) Qualifying expenses. – The sum of the following amounts spent in this State by a production company in connection with a production, less the amount in excess of one million dollars (\$1,000,000) paid to a highly compensated individual:
 - a. Goods and services leased or purchased. For goods with a purchase price of twenty-five thousand dollars (\$25,000) or more, the amount included in qualifying expenses is the purchase price less the fair market value of the good at the time the production is completed.
 - b. Compensation and wages on which withholding payments are remitted to the Department of Revenue under Article 4A of this Chapter.
 - c. The cost of production-related insurance coverage obtained on the production. Expenses for insurance coverage purchased from a related member are not qualifying expenses.
 - d. Employee fringe contributions, including health, pension, and welfare contributions.
 - e. Per diems, stipends, and living allowances paid for work being performed in this State.
- (5) Related member. – Defined in G.S. 105-130.7A.

(b) Credit. – A taxpayer that is a production company and has qualifying expenses of at least two hundred fifty thousand dollars (\$250,000) with respect to a production is allowed a credit against the taxes imposed by this Part equal to twenty-five percent (25%)

of the production company's qualifying expenses. For the purposes of this section, in the case of an episodic television series, an entire season of episodes is one production. The credit is computed based on all of the taxpayer's qualifying expenses incurred with respect to the production, not just the qualifying expenses incurred during the taxable year.

(b1) Repealed by Session Laws 2009-529, s. 1, effective January 1, 2011.

(c) Pass-Through Entity. – Notwithstanding the provisions of G.S. 105-131.8 and G.S. 105-269.15, a pass-through entity that qualifies for a credit provided in this section does not distribute the credit among any of its owners. The pass-through entity is considered the taxpayer for purposes of claiming a credit allowed by this section. If a return filed by a pass-through entity indicates that the entity is paying tax on behalf of the owners of the entity, a credit allowed under this section does not affect the entity's payment of tax on behalf of its owners.

(d) Return. – A taxpayer may claim a credit allowed by this section on a return filed for the taxable year in which the production activities are completed. The return must state the name of the production, a description of the production, and a detailed accounting of the qualifying expenses with respect to which a credit is claimed. The qualifying expenses are subject to audit by the Secretary before the credit is allowed.

(e) Credit Refundable. – If a credit allowed by this section exceeds the amount of tax imposed by this Part for the taxable year reduced by the sum of all credits allowable, the Secretary must refund the excess to the taxpayer. The refundable excess is governed by the provisions governing a refund of an overpayment by the taxpayer of the tax imposed in this Part. In computing the amount of tax against which multiple credits are allowed, nonrefundable credits are subtracted before refundable credits.

(f) Limitations. – The amount of credit allowed under this section with respect to a production that is a feature film may not exceed twenty million dollars (\$20,000,000). No credit is allowed under this section for any production that satisfies one of the following conditions:

- (4) It is a radio production.

(g) Substantiation. – A taxpayer allowed a credit under this section must maintain and make available for inspection any information or records required by the Secretary of Revenue. The taxpayer has the burden of proving eligibility for a credit and the amount of the credit. The Secretary may consult with the North Carolina Film Office of the Department of Commerce and the regional film commissions in order to determine the amount of qualifying expenses.

(h) Report. – The Department must include in the economic incentives report required by G.S. 105-256 the following information, itemized by taxpayer:

- (1) The location of sites used in a production for which a credit was taken.
- (2) The qualifying expenses for which a credit was taken, classified by whether the expenses were for goods, services, or compensation paid by the production company.
- (3) The number of people employed in the State with respect to credits taken.

(4) The total cost to the General Fund of the credits taken.

(i) Repealed by Session Laws 2006-220, s. 2, effective for taxable years beginning on or after January 1, 2007.

(j) NC Film Office. – To claim a credit under this section, a taxpayer must notify the Department of Commerce of the taxpayer's intent to claim the production tax credit. The notification must include the title of the production, the name of the production company, a financial contact for the production company, the proposed dates on which the production company plans to begin filming the production, and any other information required by the Department. For productions that have production credits, a taxpayer claiming a credit under this section must acknowledge in the production credits both the North Carolina Film Office and the regional film office responsible for the geographic area in which the filming of the production occurred.

(k) Sunset. – This section is repealed for qualifying expenses occurring on or after January 1, 2015. (a) An S Corporation incorporated or doing business in the State shall file with the Department an annual return, on a form prescribed by the Secretary, on or before the due date prescribed for the filing of C Corporation returns in G.S. 105-130.17. If the corporation fails to timely file an agreement required by this subsection on behalf of any of its nonresident shareholders, then the corporation shall at the time specified in subsection (d) of this section pay to the Department on behalf of each nonresident shareholder with respect to whom an agreement has not been timely filed an estimated amount of the tax due the State. The

estimated amount of tax due the State shall be computed at the rate levied in G.S. 105-153.7 on the shareholder's pro rata share of the S Corporation's income attributable to the State reflected on the corporation's return for the taxable period. An S Corporation may recover a payment made pursuant to the preceding sentence from the shareholder on whose behalf the payment was made.

(d) The agreements required to be filed pursuant to subsection (c) of this section shall be filed at the following times:

- (1) At the time the annual return is required to be filed for the first taxable period for which the S Corporation becomes subject to the provisions of this Part.
- (2) At the time the annual return is required to be filed for any taxable period in which the corporation has a nonresident shareholder on whose behalf such an agreement has not been previously filed.

(e) Amounts paid to the Department on account of the corporation's shareholders under subsections (b) and (c) constitute payments on their behalf of the income tax imposed on them under Parts 2 and 3 of this Article for the taxable period. (1987 (Reg. Sess., 1988), c. 1089, s. 1; 1989, c. 728, ss. 1.33, 1.35; 1991, c. 689, s. 301; 1998-98, s. 7; 1999-337, s. 24; 2013-316, s. 1.3(b); 2017-204, s. 1.8.)

(a) For purposes of G.S. 105-151 and G.S. 105-160.4, each resident shareholder is considered to have paid a tax imposed on the shareholder in an amount equal to the shareholder's pro rata share of any net income tax paid by the S Corporation to a state that does not measure the income of S Corporation shareholders by the income of the S Corporation. For purposes of the preceding sentence, the term "net income tax" means any tax imposed on or measured by a corporation's net income.

(b) Except as otherwise provided in G.S. 105-160.3, each shareholder of an S Corporation is allowed as a credit against the tax imposed by Parts 2 and 3 of this Article an amount equal to the shareholder's pro rata share of the tax credits for which the S Corporation is eligible. - (1) The credit is allowed only for taxes paid to another state or country on income derived from sources within that state or country that is taxed under its laws irrespective of the residence or domicile of the recipient, except that whenever a taxpayer who is deemed to be a resident of this State under the provisions of this Part is deemed also to be a resident of another state or country under the laws of that state or country, the Secretary may allow a credit against the taxes imposed by this Part for taxes imposed by and paid to the other state or country on income taxed under this Part.

§ **105-151.29. (Repealed for qualifying expenses occurring on or after January 1, 2015) Credit for qualifying expenses of a production company.**

(a) Definitions. – The following definitions apply in this section:

- (1) Highly compensated individual. – An individual who directly or indirectly receives compensation in excess of one million dollars (\$1,000,000) for personal services with respect to a single production. An individual receives compensation indirectly when a production company pays a personal service company or an employee leasing company that pays the individual.
- (2) Live sporting event. – A scheduled sporting competition, game, or race that is not originated by a production company, but originated solely by an amateur, collegiate, or professional organization, institution, or association for live or tape-delayed television or satellite broadcast. A live sporting event does not include commercial advertising, an episodic television series, a television pilot, a music video, a motion picture, or a documentary production in which sporting events are presented through archived historical footage or similar footage taken at least 30 days before it is used.
- (3) Production company. – Defined in G.S. 105-164.3.
- (4) Qualifying expenses. – The sum of the following amounts spent in this State by a production company in connection with a production, less the amount paid in excess of one million dollars (\$1,000,000) to a highly compensated individual:

- a. Goods and services leased or purchased. For goods with a purchase price of twenty-five thousand dollars (\$25,000) or more, the amount included in qualifying expenses is the purchase price less the fair market value of the good at the time the production is completed.
- b. Compensation and wages on which withholding payments are remitted to the Department of Revenue under Article 4A of this Chapter.
- c. The cost of production-related insurance coverage obtained on the production. Expenses for insurance coverage purchased from a related member are not qualifying expenses.
- d. Employee fringe contributions, including health, pension, and welfare contributions.
- e. Per diems, stipends, and living allowances paid for work being performed in this State.

(5) Related member. – Defined in G.S. 105-130.7A.

(b) Credit. – A taxpayer that is a production company and has qualifying expenses of at least two hundred fifty thousand dollars (\$250,000) with respect to a production is allowed a credit against the taxes imposed by this Part equal to twenty-five percent (25%) of the production company's qualifying expenses. For the purposes of this section, in the case of an episodic television series, an entire season of episodes is one production. The credit is computed based on all of the taxpayer's qualifying expenses incurred with respect to the production, not just the qualifying expenses incurred during the taxable year.

(b1) Repealed by Session Laws 2009-529, s. 2, effective January 1, 2011.

(c) Pass-Through Entity. – Notwithstanding the provisions of G.S. 105-131.8 and G.S. 105-269.15, a pass-through entity that qualifies for a credit provided in this section does not distribute the credit among any of its owners. The pass-through entity is considered the taxpayer for purposes of claiming a credit allowed by this section. If a return filed by a pass-through entity indicates that the entity is paying tax on behalf of the owners of the entity, a credit allowed under this section does not affect the entity's payment of tax on behalf of its owners.

(d) Return. – A taxpayer may claim a credit allowed by this section on a return filed for the taxable year in which the production activities are completed. The return must state the name of the production, a description of the production, and a detailed accounting of the qualifying expenses with respect to which a credit is claimed. The qualifying expenses are subject to audit by the Secretary before the credit is allowed.

(e) Credit Refundable. – If a credit allowed by this section exceeds the amount of tax imposed by this Part for the taxable year reduced by the sum of all credits allowable, the Secretary must refund the excess to the taxpayer. The refundable excess is governed by the provisions governing a refund of an overpayment by the taxpayer of the tax imposed in this Part. In computing the amount of tax against which multiple credits are allowed, nonrefundable credits are subtracted before refundable credits.

(f) Limitations. – The amount of credit allowed under this section with respect to a production that is a feature film may not exceed twenty million dollars (\$20,000,000). No credit is allowed under this section for any production that satisfies one of the following conditions:

- (1) It is political advertising.
- (2) It is a television production of a news program or live sporting event.
- (3) It contains material that is obscene, as defined in G.S. 14-190.1.
- (4) It is a radio production.

(g) **Substantiation.** – A taxpayer allowed a credit under this section must maintain and make available for inspection any information or records required by the Secretary of Revenue. The taxpayer has the burden of proving eligibility for a credit and the amount of the credit. The Secretary may consult with the North Carolina Film Office of the Department of Commerce and the regional film commissions in order to determine the amount of qualifying expenses.

(h) **Report.** – The Department must include in the economic incentives report required by G.S. 105-256 the following information itemized by taxpayer:

- (1) The location of sites used in a production for which a credit was taken.
- (2) The qualifying expenses for which a credit was taken, classified by whether the expenses were for goods, services, or compensation paid by the production company.
- (3) The number of people employed in the State with respect to credits taken.
- (4) The total cost to the General Fund of the credits taken.

(i) Repealed by Session Laws 2006-220, s. 4, effective for taxable years beginning on and after January 1, 2007.

(j) **NC Film Office.** – To claim a credit under this section, a taxpayer must notify the Department of Commerce of the taxpayer's intent to claim the production tax credit. The notification must include the title of the production, the name of the production company, a financial contact for the production company, the proposed dates on which the production company plans to begin filming the production, and any other information required by the Department. For productions that have production credits, a taxpayer claiming a credit under this section must acknowledge in the production credits both the North Carolina Film Office and the regional film office responsible for the geographic area in which the filming of the production occurred.

(k) **Sunset.** – This section is repealed for qualifying expenses occurring on or after January 1, 2015. (2005-276, s. 39.1(b); 2005-345, ss. 47(c), 47(d); 2006-162, s. 4(b); 2006-220, s. 4; 2007-527, s. 24; 2008-107, s. 28.24(b); 2009-445, s. 8(b); 2009-529, s. 2; 2010-147, s. 2.2; 2010-166, s. 1.16; 2012-194, s. 79.10(b); 2015-241, s. 15.4(g).)

§ 105-151.31: Repealed pursuant to former subsection (c) of this section, effective for taxable years beginning on or after January 1, 2014.

§ 105-151.33: Repealed by Session Laws 2013-316, s. 1.1(b), effective for taxable years beginning on or after January 1, 2014.

§ 105-152. (Recodified for taxable years beginning on or after January 1, 2014 – see editor's note) Income tax returns.

(a) Who Must File. – The following individuals shall file with the Secretary an income tax return under affirmation:

- (1) Every resident required to file an income tax return for the taxable year under the Code and every nonresident who (i) derived gross income from North Carolina sources during the taxable year attributable to the ownership of any interest in real or tangible personal property in this State or derived from a business, trade, profession, or occupation carried on in this State and (ii) is required to file an income tax return for the taxable year under the Code.
- (2) Repealed by Session Laws 1991 (Reg. Sess., 1992), c. 930, s. 1.
- (3) Any individual whom the Secretary believes to be liable for a tax under this Part, when so notified by the Secretary and requested to file a return.

(b) Taxpayer Deceased or Unable to Make Return. – If the taxpayer is unable to file the income tax return, the return shall be filed by a duly authorized agent or by a guardian or other person charged with the care of the person or property of the taxpayer. If an individual who was required to file an income tax return for the taxable year while living has died before making the return, the administrator or executor of the estate shall file the return in the decedent's name and behalf, and the tax shall be levied upon and collected from the estate.

(c) Information Required With Return. – The income tax return shall show the adjusted gross income and adjustments required by this Part and any other information the Secretary requires. The Secretary may require some or all individuals required to file an income tax return to attach to the return a copy of their federal income tax return for the taxable year. The Secretary may require a taxpayer to provide the Department with copies of any other return the taxpayer has filed with the Internal Revenue Service and to verify any information in the return.

(d) Secretary May Require Additional Information. – When the Secretary has reason to believe that any taxpayer conducts a trade or business in a way that directly or indirectly distorts the taxpayer's adjusted gross income or North Carolina taxable income, the Secretary may require any additional information for the proper computation of the taxpayer's adjusted gross income and North Carolina taxable income. In computing the taxpayer's adjusted gross income and North Carolina taxable income, the Secretary shall consider the fair profit that would normally arise from the conduct of the trade or business.

(e) Joint Returns. – A husband and wife whose federal taxable income is determined on a joint federal return shall file a single income tax return jointly if each spouse either is a resident of this State or has North Carolina taxable income and may file a single income tax return jointly if one spouse is not a resident and has no North Carolina taxable income. Except as otherwise provided in this Part, a wife and husband filing jointly are treated as one taxpayer for the purpose of determining the tax imposed by this Part. A husband and wife filing jointly are jointly and severally liable for the tax imposed by this Part reduced

by the sum of all credits allowable including tax payments made by or on behalf of the husband and wife. However, if a spouse qualifies for relief of liability for federal tax attributable to a substantial understatement by the other spouse pursuant to section 6015 of the Code, that spouse is not liable for the corresponding tax imposed by this Part attributable to the same substantial understatement by the other spouse. A wife and husband filing jointly have expressly agreed that if the amount of the payments made by them with respect to the taxes for which they are liable, including withheld and estimated taxes, exceeds the total of the taxes due, refund of the excess may be made payable to both spouses jointly or, if either is deceased, to the survivor alone.

(f) Repealed by Session Laws 1991 (Reg. Sess., 1992), c. 930, s. 1. (1939, c. 158, s. 326; 1941, c. 50, s. 5; 1943, c. 400, s. 4; 1945, c. 708, s. 4; 1951, c. 643, s. 4; 1957, c. 1340, s. 4; 1967, c. 1110, s. 3; 1973, c. 476, s. 193; c. 903, s. 1; c. 1287, s. 5; 1977, c. 315; 1989, c. 728, s. 1.23; 1991 (Reg. The general purpose of this Part is to impose a tax for the use of the State government upon the taxable income collectible annually:

- (1) Of every resident of this State.
- (2) Of every nonresident individual deriving income from North Carolina sources attributable to the ownership of any interest in real or tangible personal property in this State, deriving income from a business, trade, profession, or occupation carried on in this State, or deriving income from gambling activities in this State. § 105-153.4. (Effective for taxable years beginning before January 1, 2015) North Carolina taxable income defined.

(a) Residents. – For an individual who is a resident of this State, the term "North Carolina taxable income" means the taxpayer's adjusted gross income as modified in G.S. 105-153.5 and G.S. 105-153.6 and G.S. 105-134.6A.

(b) Nonresidents. – For a nonresident individual, the term "North Carolina taxable income" means the taxpayer's adjusted gross income as modified in G.S. 105-153.5 and G.S. 105-153.6 and G.S. 105-134.6A, multiplied by a fraction the denominator of which is the taxpayer's gross income as modified in G.S. 105-153.5 and G.S. 105-153.6 and G.S. 105-134.6A, and the numerator of which is the amount of that gross income, as modified, that is derived from North Carolina sources and is attributable to the ownership of any interest in real or tangible personal property in this State, is derived from a business, trade, profession, or occupation carried on in this State, or is derived from gambling activities in this State.

(c) Part-year Residents. – If an individual was a resident of this State for only part of the taxable year, having moved into or removed from the State during the year, the term "North Carolina taxable income" has the same meaning as in subsection (b) of this section except that the numerator includes gross income, as modified under G.S. 105-153.5 and G.S. 105-153.6 and G.S. 105-134.6A, derived from all sources during the period the individual was a resident.

(d) S Corporations and Partnerships. – In order to calculate the numerator of the fraction provided in subsection (b) of this section, the amount of a shareholder's pro rata share of S Corporation income that is includable in the numerator is the shareholder's pro rata share of the S Corporation's income attributable to the State, as defined in G.S. 105-131(b)(4). In order to calculate the numerator of the fraction provided in subsection (b) of this section for a partner in a partnership or a member of another unincorporated business that has one or more nonresident partners or members and operates in one or more other states, the amount of the partner's or member's distributive share of income of the business plus any guaranteed payments made to a partner from the partnership that is includable in the numerator is determined by multiplying the total net income of the business by the ratio ascertained under the provisions of G.S. 105-130.4. As used in this subsection, total net income means the entire gross income of the business less all expenses, taxes, interest, and other deductions allowable under the Code that were incurred in the operation of the business.

(e) Tax Year. – A taxpayer must compute North Carolina taxable income on the basis of the taxable year used in computing the taxpayer's income tax liability under the Code. (1989, c. 728, s. 1.4; 1995, c. 17, s. 4; 2005-276, s. 31.1(aa); 2005-344, s. 10.4; 2011-145, s. 31A.1(b); 2012-79, s. 1.2; 2013-414, s. 55; 2013-316, ss. 1.1(a), 1.3(c); 2017-204, ss. 1.9(c), (d).)

§ 105-153.4. (Effective for taxable years beginning on or after January 1, 2015) North Carolina taxable income defined.

(a) Residents. – For an individual who is a resident of this State, the term "North Carolina taxable income" means the taxpayer's adjusted gross income as modified in G.S. 105-153.5 and G.S. 105-153.6.

(b) Nonresidents. – For a nonresident individual, the term "North Carolina taxable income" means the taxpayer's adjusted gross income as modified in G.S. 105-153.5 and G.S. 105-153.6, multiplied by a fraction the denominator of which is the taxpayer's gross

income as modified in G.S. 105-153.5 and G.S. 105-153.6, and the numerator of which is the amount of that gross income, as modified, that is derived from North Carolina sources and is attributable to the ownership of any interest in real or tangible personal property in this State, is derived from a business, trade, profession, or occupation carried on in this State, or is derived from gambling activities in this State.

(c) Part-year Residents. – If an individual was a resident of this State for only part of the taxable year, having moved into or removed from the State during the year, the term "North Carolina taxable income" has the same meaning as in subsection (b) of this section except that the numerator includes gross income, as modified under G.S. 105-153.5 and G.S. 105-153.6, derived from all sources during the period the individual was a resident.

(d) S Corporations and Partnerships. – In order to calculate the numerator of the fraction provided in subsection (b) of this section, the amount of a shareholder's pro rata share of S Corporation income, as modified in G.S. 105-153.5 and G.S. 105-153.6, that is includable in the numerator is the shareholder's pro rata share of the S Corporation's income attributable to the State, as defined in G.S. 105-131(b)(4). In order to calculate the numerator of the fraction provided in subsection (b) of this section for a member of a partnership or other unincorporated business that has one or more nonresident members and operates in one or more other states, the amount of the member's distributive share of the total net income of the business, as modified in G.S. 105-153.5 and G.S. 105-153.6, that is includable in the numerator is determined in accordance with the provisions of G.S. 105-130.4. As used in this subsection, total net income means the entire gross income of the business less all expenses, taxes, interest, and other deductions allowable under the Code that were incurred in the operation of the business.

(e) Tax Year. – A taxpayer must compute North Carolina taxable income on the basis of the taxable year used in computing the taxpayer's income tax liability under the Code. (1989, c. 728, s. 1.4; 1995, c. 17, s. 4; 2005-276, s. 31.1(aa); 2005-344, s. 10.4; 2011-145, s. 31A.1(b); 2012-79, s. 1.2; 2013-414, s. 55; 2013-316, ss. 1.1(a), 1.3(c); 2017-204, ss. 1.9(c), (d).)

§ 105-153.5. Modifications to adjusted gross income.

(a) Deduction Amount. – In calculating North Carolina taxable income, a taxpayer may deduct from adjusted gross income either the standard deduction amount provided in subdivision (1) of this subsection or the itemized deduction amount provided in subdivision (2) of this subsection. The deduction amounts are as follows:

- (1) **(Effective for taxable years beginning before January 1, 2016)** Standard deduction amount. – The standard deduction amount is zero for a person who is not eligible for a standard deduction under section 63 of the Code. For all other taxpayers, the standard deduction amount is equal to the amount listed in the table below based on the taxpayer's filing status:

Filing Status	Standard Deduction
Married, filing jointly/surviving spouse	\$15,000
Head of Household	12,000
Single	7,500
Married, filing separately	7,500.

For all other taxpayers, the standard deduction amount is equal to the amount listed in the table below based on the taxpayer's filing status:

Filing Status	Standard Deduction
Married, filing jointly/surviving spouse	\$16,500
Head of Household	13,200
Single	8,250
Married, filing separately	8,250.

- (1) **(Effective for taxable years beginning on or after January 1, 2017, and before January 1, 2019)** Standard deduction amount. – The standard deduction amount is zero for a person who is not eligible for a standard deduction under section 63 of the Code. For all other taxpayers, the standard deduction amount is equal to the amount listed in the table below based on the taxpayer's filing status:

Head of Household	14,000
Single	8,750
Married, filing separately	8,750.

For all other taxpayers, the standard deduction amount is equal to the amount listed in the table below based on the taxpayer's filing status:

Married, filing jointly/surviving spouse	\$20,000
Head of Household	15,000
Single	10,000
Married, filing separately	10,000.

- (2) Itemized deduction amount. – An amount equal to the sum of the items listed in this subdivision. The amounts allowed under this subdivision are not subject to the overall limitation on itemized deductions under section 68 of the Code:

For taxable years beginning on or after 2014, a taxpayer who elected to take the income exclusion under section 408(d)(8) of the Code for a qualified charitable distribution from an individual retirement plan by a person who has attained the age of 70 1/2 may deduct the amount that would have been allowed as a charitable deduction under section 170 of the Code had the taxpayer not elected to take the income exclusion.

section 163(h) of the Code with respect to any qualified residence plus the amount allowed as a deduction for property taxes paid or accrued on real estate under section 164 of the Code for that taxable year. For taxable years 2014, 2015, 2016, and 2017, the amount allowed as a deduction for interest paid or accrued during the taxable year under section 163(h) of the Code with respect to any qualified residence shall not include the amount for mortgage insurance premiums treated as qualified residence interest. The amount allowed under this sub-subdivision may not exceed twenty thousand dollars (\$20,000). For spouses filing as married filing separately or married filing jointly, the total mortgage interest and real estate taxes claimed by both spouses combined may not exceed twenty thousand dollars (\$20,000). For spouses filing as married filing separately with a joint obligation for mortgage interest and real estate taxes, the deduction for these items is allowable to the spouse who actually paid them. If the amount of the mortgage interest and real estate taxes paid by both spouses exceeds twenty thousand dollars (\$20,000), these deductions must be prorated based on the percentage paid by each spouse. For joint obligations paid from joint accounts, the proration is based on the income reported by each spouse for that taxable year.

- d. **Repayment in the current taxable year of an amount included in adjusted gross income in an earlier taxable year because it appeared that the taxpayer had an unrestricted right to such item,** to the extent the repayment is not deducted in arriving at adjusted gross income in the current taxable year. If the repayment is three thousand dollars (\$3,000) or less, the deduction is the amount of repayment less (i) the limitation provided under section 67(a) of the Code minus (ii) all other items deductible under section 67(b) of the Code, not to exceed the limitation provided under section 67(a) of the Code. If the repayment is more than three thousand dollars (\$3,000), the deduction is the amount of repayment. No deduction is allowed if the taxpayer calculates the federal income tax for the year of repayment under section 1341(a)(5) of the Code.

(a1) **(Effective for taxable years beginning on or after January 1, 2018)** **Child Deduction Amount.** – A taxpayer who is allowed a federal child tax credit under section 24 of the Code for the taxable year is allowed a deduction under this subsection for each dependent child for whom the taxpayer is allowed the federal tax credit. (c1) Other Additions. – S Corporations subject to the provisions of Part 1A of this Article, partnerships subject to the provisions of this Part, and estates and trusts subject to the provisions of Part 3 of this Article must add any amount deducted under section 164 of the Code as state, local, or foreign income tax.

(c2) Decoupling Adjustments. – In calculating North Carolina taxable income, a taxpayer must make the following adjustments to the taxpayer's adjusted gross income:

- (1) For taxable years 2014, 2015, 2016, and 2017, the taxpayer must add the amount excluded from the taxpayer's gross income for the discharge of qualified principal residence indebtedness under section 108 of the Code. The purpose of this subdivision is to decouple from the income exclusion available under federal tax law. If the taxpayer is insolvent, as defined in section 108(d)(3) of the Code, then the addition required under this subdivision is limited to the amount of discharge of qualified principal residence indebtedness excluded from adjusted gross income under section 108(a)(1)(E) of the Code that exceeds the amount of discharge of indebtedness that would have been excluded under section 108(a)(1)(B) of the Code.
- (2) For taxable year 2014, 2015, 2016, and 2017, the taxpayer must add the amount of the taxpayer's deduction for qualified tuition and related expenses under section 222 of the Code. The purpose of this subdivision is to decouple from the above-the-line deduction available under federal tax law.
- (3) For taxable years beginning on or after 2014, the taxpayer must add the amount excluded from the taxpayer's gross income for a qualified charitable distribution from an individual retirement plan by a person who has attained age 70 1/2 under section 408(d)(8) of the Code. The purpose of this subdivision is to decouple from the income exclusion available under federal tax law.
- (4) For taxable years prior to 2014, the taxpayer must add the amount excluded from the taxpayer's gross income for amounts received by a wrongfully incarcerated individual under section 139F of the Code for which the taxpayer took a deduction under former G.S. 105-134.6(b)(14). The purpose of this subdivision is to prevent a double benefit where federal tax law provides an income exclusion for income for which the State previously provided a deduction.
- (5) The taxpayer must add the amount of gain that would be included for federal income tax purposes without regard to section 1400Z-2(b) of the Code. The adjustment made in this subsection does not result in a difference in basis of the affected assets for State and federal income tax purposes. The purpose of this subdivision is to decouple from the deferral of gains reinvested into an Opportunity Fund available under federal law.
- (6) The taxpayer may deduct the amount of gain included in the taxpayer's adjusted gross income under section 1400Z-2(a) of the Code to the extent the same income was included in the taxpayer's adjusted gross income in a prior taxable year under subdivision (5) of this subsection. The purpose of this subdivision is to prevent double taxation of income the taxpayer was previously required to include in the calculation of North Carolina taxable income.
- (7) The taxpayer must add the amount of gain that would be included in the taxpayer's adjusted gross income but for the step-up in basis under section

1400Z-2(c) of the Code. The purpose of this subdivision is to decouple from the exclusion of gains from the sale or exchange of an investment in an Opportunity Fund available under federal law.

(d) S Corporations. – Each shareholder's pro rata share of an S Corporation's income is subject to the adjustments provided in this section and in G.S. 105-153.6. (2013-316, s. 1.1(d); 2013-360, s. 6.18(b); 2014-3, s. 2.2(a); 2015-2, s. 1.3; 2015-6, ss. 2.20(b), 2.22(b); 2015-241, s. 32.16(a), (b); 2016-5, ss. 2.1(a)-(c), 2.2(a), 5.3(c); 2016-6, ss. 3, 4; 2016-92, s. 1.2; 2016-94, s. 38.1(a), (b); 2017-57, ss. 10A.4(b), 38.2(a), 38.4(a); 2018-5, ss. 5.6(j), 38.1(c), (f), (h), 35.25(g); 2018-97, s. 8.1(b).)

§ 105-153.6. Adjustments when State decouples from federal accelerated depreciation and expensing.

(a) Special Accelerated Depreciation. – A taxpayer who takes a special accelerated depreciation deduction for that property under section 168(k) or 168(n) of the Code must add to the taxpayer's federal taxable income or adjusted gross income, as appropriate, eighty-five percent (85%) of the amount taken for that year under those Code provisions. For taxable years before 2012, the taxpayer must add the amount to the taxpayer's federal taxable income. For taxable year 2012 and after, the taxpayer must add the amount to the taxpayer's adjusted gross income. A taxpayer is allowed to deduct twenty percent (20%) of the add-back in each of the first five taxable years following the year the taxpayer is required to include the add-back in income.

(b) 2009 Depreciation Exception. – A taxpayer who placed property in service during the 2009 taxable year and whose North Carolina taxable income for the 2009 taxable year reflected a special accelerated depreciation deduction allowed for the property under section 168(k) of the Code must add eighty-five percent (85%) of the amount of the special accelerated depreciation deduction to its federal taxable income for the 2010 taxable year. A taxpayer is allowed to deduct this add-back under subsection (a) of this section as if it were for property placed in service in 2010.

(c) Section 179 Expense. – For purposes of this subdivision, the definition of section 179 property has the same meaning as under section 179 of the Code. A taxpayer who places section 179 property in service during a taxable year must add to the taxpayer's federal taxable income or adjusted gross income, as appropriate, eighty-five percent (85%) of the amount by which the taxpayer's expense deduction under section 179 of the Code exceeds the dollar and investment limitation for that taxable year. For taxable years before 2012, the taxpayer must add the amount to the taxpayer's federal taxable income. For taxable year 2012 and after, the taxpayer must add the amount to the taxpayer's adjusted gross income. For taxable years 2010, 2011, and 2012, the dollar limitation is two hundred and fifty thousand dollars (\$250,000) and the investment limitation is eight hundred thousand dollars (\$800,000). For taxable years beginning on or after 2013, the dollar limitation is twenty-five thousand dollars (\$25,000) and the investment limitation is two hundred thousand dollars (\$200,000).

A taxpayer is allowed to deduct twenty percent (20%) of the add-back in each of the first five taxable years following the year the taxpayer is required to include the add-back in income.

(d) Asset Basis. – The adjustments made in this section do not result in a difference in basis of the affected assets for State and federal income tax purposes, except as modified in subsection (e) of this section.

(e) Bonus Asset Basis. – In the event of an actual or deemed transfer of an asset occurring on or after January 1, 2013, wherein the tax basis of the asset carries over from the transferor to the transferee for federal income tax purposes, the transferee must add any remaining deductions allowed under subsection (a) of this section to the basis of the transferred asset and depreciate the adjusted basis over any remaining life of the asset. Notwithstanding the provisions of subsection (a) of this section, the transferor and any owner in a transferor are not allowed any remaining future bonus depreciation deductions associated with the transferred asset. This subsection applies only to the extent that each transferor or owner in a transferor that added bonus depreciation to its federal taxable income or adjusted gross income associated with the transferred asset certifies in writing to the transferee, that the transferor or owner in a transferor will not take any remaining future bonus depreciation deduction associated with the transferred asset.

(f) Prior Transactions. – For any transaction meeting both the requirements of subsection (e) of this section prior to January 1, 2013, and the conditions of this subsection, the transferor and transferee can make an election to make the basis adjustment allowed in that subsection on the transferee's 2013 tax return. If the asset has been disposed of or has no remaining useful life on the books of the transferee, the remaining bonus depreciation deduction may be allowed on the transferee's 2013 tax return. For this subsection to apply, the following conditions must be met:

- (1) The transferor or any owner in a transferor has not taken the bonus depreciation deduction on a prior return.
- (2) The transferor is not allowed any remaining future bonus depreciation deductions associated with the transferred asset and each transferor or owner in a transferor certifies in writing to the transferee that the transferor or owner in a transferor will not take any remaining deductions allowed under subsection (a) of this section for tax years beginning on or after January 1, 2013, for depreciation associated with the transferred asset.
- (3) The amount of the basis adjustment under this subsection is limited to the total remaining future bonus depreciation deductions forfeited by the transferor and any owner in the transferor at the time of the transfer.

(g) Tax Basis. – For transactions described in subsection (e) or (f) of this section, adjusted gross income must be increased or decreased to account for any difference in the amount of depreciation, amortization, or gains or losses applicable to property that has been depreciated or amortized by use of a different basis or rate for State income tax purposes than used for federal income tax purposes.

(h) Definitions. – The following definitions apply in this section:

- (1) Owner in a transferor. – One or more of the following of a transferor:
 - a. A partner, shareholder, or member.

- b. A beneficiary subject to tax under Part 2 or 3 of Article 4 of this Chapter of a transferor.
- (2) Transferor. – An individual, partnership, corporation, S Corporation, limited liability company, or an estate or trust that does not fully distribute income to its beneficiaries. (2013-316, s. 1.1(d); 2013-414, s. 58(a); 2014-3, s. 2.1(c); 2015-2, s. 1.2(b); 2015-6, s. 2.8(b); 2016-6, s. 2(b).)

§ 105-153.7. Individual income tax imposed.

(a) **(Effective for taxable years beginning before January 1, 2015)** Tax. – A tax is imposed for each taxable year on the North Carolina taxable income of every individual. The tax shall be levied, collected, and paid annually. The tax is five and eight-tenths percent (5.8%) of the taxpayer's North Carolina taxable income.

(a) **(Effective for taxable years beginning on or after January 1, 2015 and before January 1, 2017)** Tax. – A tax is imposed for each taxable year on the North Carolina taxable income of every individual. The tax shall be levied, collected, and paid annually. The tax is five and seventy-five hundredths percent (5.75%) of the taxpayer's North Carolina taxable income.

(a) **(Effective for taxable years beginning on or after January 1, 2017 and before January 1, 2019)** Tax. – A tax is imposed for each taxable year on the North Carolina taxable income of every individual. The tax shall be levied, collected, and paid annually. The tax is five and four hundred ninety-nine thousandths percent (5.499%) of the taxpayer's North Carolina taxable income.

(a) **(Effective for taxable years beginning on or after January 1, 2019)** Tax. – A tax is imposed for each taxable year on the North Carolina taxable income of every individual. The tax shall be levied, collected, and paid annually. The tax is five and one-quarter percent (5.25%) of the taxpayer's North Carolina taxable income.

(b) Withholding Tables. – The Secretary may provide tables that compute the amount of tax due for a taxable year under this Part. The tables do not apply to an individual who files a return under section 443(a)(1) of the Code for a period of less than 12 months due to a change in the individual's annual accounting period or to an estate or trust. (2013-316, s. 1.1(d); 2013-316, s. 1.2(a); 2015-241, s. 32.16(c); 2017-57, s. 38.1(a).)

§ 105-153.8. Income tax returns.

(a) Who Must File. – The following individuals must file with the Secretary an income tax return under affirmation:

- (1) Every resident who for the taxable year has gross income under the Code that exceeds the standard deduction amount provided in G.S. 105-153.5(a)(1).
- (2) Every nonresident individual who meets all of the following requirements:
 - a. Receives during the taxable year gross income that is derived from North Carolina sources and is attributable to the ownership of any interest in real or tangible personal property in this State, is derived from a business, trade, profession, or occupation carried on in this State, or is derived from gambling activities in this State.

b. Has gross income under the Code that exceeds the applicable standard deduction amount provided in G.S. 105-153.5(a)(1).

(3) Any individual whom the Secretary believes to be liable for a tax under this Part, when so notified by the Secretary and requested to file a return.

(b) **Taxpayer Deceased or Unable to Make Return.** – If a taxpayer is unable to file an income tax return, a duly authorized agent of the taxpayer or a guardian or other person charged with the care of the person or property of the taxpayer must file the return. If an individual who was required to file an income tax return for the taxable year while living has died before making the return, the administrator or executor of the estate must file the return in the decedent's name and behalf, and the tax is payable by the estate.

(c) **Information Required With Return.** – The income tax return must show the adjusted gross income and modifications required by this Part, and any other information the Secretary requires. The Secretary may require some or all individuals required to file an income tax return to attach to the return a copy of their federal income tax return for the taxable year. The Secretary may require a taxpayer to provide the Department with copies of any other return the taxpayer has filed with the Internal Revenue Service and to verify any information in the return.

(d) **Secretary May Require Additional Information.** – When the Secretary has reason to believe that any taxpayer conducts a trade or business in a way that directly or indirectly distorts the taxpayer's adjusted gross income or North Carolina taxable income, the Secretary may require any additional information for the proper computation of the taxpayer's adjusted gross income and North Carolina taxable income. In computing the taxpayer's adjusted gross income and North Carolina taxable income, the Secretary must consider the fair profit that would normally arise from the conduct of the trade or business.

(e) **Joint Returns.** – A husband and wife whose adjusted gross income is determined on a joint federal return must file a single income tax return jointly if each spouse either is a resident of this State or has North Carolina taxable income and may file a single income tax return jointly if one spouse is not a resident and has no North Carolina taxable income. Except as otherwise provided in this Part, a wife and husband filing jointly are treated as one taxpayer for the purpose of determining the tax imposed by this Part. A husband and wife filing jointly are jointly and severally liable for the tax imposed by this Part reduced by the sum of all credits allowable including tax payments made by or on behalf of the husband and wife. However, if a spouse qualifies for relief of liability for federal tax attributable to a substantial understatement by the other spouse pursuant to section 6015 of the Code, that spouse is not liable for the corresponding tax imposed by this Part attributable to the same substantial understatement by the other spouse. A wife and husband filing jointly have expressly agreed that if the amount of the payments made by them with respect to the taxes for which they are liable, including withheld and estimated taxes, exceeds the total of the taxes due, refund of the excess may be made payable to both spouses jointly or, if either is deceased, to the survivor alone. (1939, c. 158, s. 326; 1941, c. 50, s. 5; 1943, c. 400, s. 4; 1945, c. 708, s. 4; 1951, c. 643, s. 4; 1957, c. 1340, s. 4; 1967, c. 1110, s. 3; 1973, c. 476, s. 193; c. 903, s. 1; c. 1287, s. 5; 1977, c. 315; 1989, c. 728, s.

§ 105-153.9. Tax credits for income taxes paid to other states by individuals.

(a) An individual who is a resident of this State is allowed a credit against the taxes imposed by this Part for income taxes imposed by and paid to another state or country on income taxed under this Part, subject to the following conditions:

- (1) The credit is allowed only for taxes paid to another state or country on income that is derived from sources within that state or country and is taxed under its laws irrespective of the residence or domicile of the recipient, except that whenever a taxpayer who is considered a resident of this State under this Part is considered a resident of another state or country under the laws of that state or country, the Secretary may allow a credit against the taxes imposed by this Part for taxes imposed by and paid to the other state or country on income taxed under this Part.
- (2) The fraction of the gross income, as modified as provided in G.S. 105-134.6A, G.S. 105-153.5, and G.S. 105-153.6, that is subject to income tax in another state or country shall be ascertained, and the North Carolina net income tax before credit under this section shall be multiplied by that fraction. The credit allowed is either the product thus calculated or the income tax actually paid the other state or country, whichever is smaller.
- (3) Receipts showing the payment of income taxes to another state or country and a true copy of a return or returns upon the basis of which the taxes are assessed shall be filed with the Secretary when the credit is claimed. If credit is claimed on account of a deficiency assessment, a true copy of the notice assessing or proposing to assess the deficiency, as well as a receipt showing the payment of the deficiency, shall be filed.

(b) If any taxes paid to another state or country for which a taxpayer has been allowed a credit under this section are at any time credited or refunded to the taxpayer, a tax equal to that portion of the credit allowed for the taxes so credited or refunded is due and payable from the taxpayer and is subject to the penalties and interest provided in Subchapter I of this Chapter. (1939, c. 158, s. 325; 1941, c. 50, s. 5; c. 204, s. 1; 1943, c. 400, s. 4; 1957, c. 1340, s. 4; 1963, c. 1169, s. 2; 1967, c. 1110, s. 3; 1973, c. 476, s. 193; 1989, c. 728, s. 1.5; 1989 (Reg. (1995, c. 42, s. 3; 1998-98, s. 69; 2001-424, s. 34.20(a); 2002-126, s. 30B.2(a), (b); 2003-284, s. 39B.2; 2013-316, s. 1.1(a), (e).)

§ 105-154. Information at the source returns.

(a) Repealed by Session Laws 1993, c. 354, s. 14.

(b) Information Returns of Payers. – A person who is a resident of this State, has a place of business in this State, or has an employee, an agent, or another representative in any capacity in this State shall file an information return as required by the Secretary if the person directly or indirectly pays or controls the payment of any income to any taxpayer. The return shall contain all information required by the Secretary. The filing of any return in compliance with this section by a foreign corporation is not evidence that the corporation is doing business in this State.

(c) Information Returns of Partnerships. – A partnership doing business in this State and required to file a return under the Code shall file an information return with the Secretary. A partnership that the Secretary believes to be doing business in this State and to be required to file a return under the Code shall file an information return when requested to do so by the Secretary. The information return shall contain all information required by the Secretary. It shall state specifically the items of the partnership's gross income, the deductions allowed under the Code, each partner's distributive share of the partnership's income, and the adjustments required by this Part. A partner's distributive share of partnership net income includes any guaranteed payments made to the partner. The

information return shall also include the name and address of each person who would be entitled to share in the partnership's net income, if distributable, and the amount each person's distributive share would be. The information return shall be signed by one of the partners under affirmation in the form required by the Secretary.

A partnership that files an information return under this subsection shall furnish to each person who would be entitled to share in the partnership's net income, if distributable, any information necessary for that person to properly file a State income tax return. The information shall be in the form prescribed by the Secretary and must be furnished on or before the due date of the information return.

(d) **Payment of Tax on Behalf of Nonresident Owner or Partner.** – If a business conducted in this State is owned by a nonresident individual or by a partnership having one or more nonresident members, the manager of the business shall report information concerning the earnings of the business in this State, the distributive share of the income of each nonresident owner or partner, and any other information required by the Secretary. The distributive share of the income of each nonresident partner includes any guaranteed payments made to the partner. The manager of the business shall pay with the return the tax on each nonresident owner or partner's share of the income computed at the rate levied on individuals under G.S. 105-153.7. The business may deduct the payment for each nonresident owner or partner from the owner or partner's distributive share of the income of the business in this State. If the nonresident partner is not an individual and the partner has executed an affirmation that the partner will pay the tax with its corporate, partnership, trust, or estate income tax return, the manager of the business is not required to pay the tax on the partner's share. In this case, the manager shall include a copy of the affirmation with the report required by this subsection.

(e) **Publicly Traded Partnership.** – The information return and payment requirements under this section are modified as follows for a publicly traded partnership that is described in section 7704(c) of the Code:

- (1) The information return required under subsection (c) of this section is limited to partners whose distributive share of the partnership's net income during the tax year was more than five hundred dollars (\$500.00).
- (2) The payment requirements under subsection (d) of this section do not apply. (1939, c. 158, s. 328; 1945, c. 708, s. 4; 1957, c. 1340, s. 4; 1967, c. 1110, s. 3; 1973, c. 476, s. 193; c. 1287, s. 5; 1989, c. 728, s. 1.25; 1989 (Reg. Sess., 1990), c. 814, s. 19; 1991 (Reg. Sess., 1992), c. 930, s. 2; 1993, c. 314, s. 1; c. 354, s. 14; 1998-98, s. 69; 1999-337, s. 26; 2008-107, s. 28.8(a); 2013-316, s. 1.3(e); 2017-204, s. 1.9(f).)

§ 105-155. Time and place of filing returns; extensions; affirmation.

(a) **Return.** – An income tax return shall be filed at the place and in the form prescribed by the Secretary. The income tax return of every taxpayer reporting on a calendar year basis is due on or before the fifteenth day of April in each year. The income tax return of every taxpayer reporting on a fiscal year basis is due on or before the fifteenth day of the fourth month following the close of the fiscal year. These dates do not apply to a nonresident alien whose federal income tax return is due at a later date under section 6072(c) of the Code. The return of a nonresident alien affected

by that Code section is due on or before the fifteenth day of the sixth month following the close of the taxable year. An information return shall be filed at the times prescribed by the Secretary. A taxpayer may ask the Secretary for an extension of time to file a return under G.S. 105-263.

(a) Except as otherwise provided in this section and in Article 4A of this Chapter, the full amount of the tax payable as shown on the return must be paid to the Secretary within the time allowed for filing the return. If the amount shown to be due is less than one dollar (\$1.00), no payment need be made.

(b) Repealed by Session Laws 1993, c. 450, s. 4. (1939, c. 158, s. 332; 1943, c. 400, s. 4; 1947, c. 501, s. 4; 1951, c. 643, s. 4; 1955, c. 17, s. 2; 1959, c. 1259, s. 2; 1963, c. 1169, s. 2; 1967, c. 702, s. 1; c. 1110, s. 3; 1973, c. 476, s. 193; c. 903, s. 2; c. 1287, s. 5; 1989, c. 728, s. 1.29; 1989 (Reg. § 105-158. Taxation of certain Armed Forces personnel and other individuals upon death.

(a) Federal Determination. – If a taxpayer's adjusted gross income, filing status, personal exemptions, standard deduction, itemized deductions, or federal tax credit are changed or corrected by the Commissioner of Internal Revenue or other officer of the United States or competent authority, and the change or correction affects the amount of State tax payable, the taxpayer must file an income tax return reflecting each change or correction from a federal determination within six months after being notified of each change or correction. The Secretary must propose an assessment for any additional tax due from the taxpayer as provided in Article 9 of this Chapter. The Secretary must refund any overpayment of tax as provided in Article 9 of this Chapter. A federal determination has the same meaning as defined in G.S. 105-228.90.

(b) Amended Return. – The following applies to an amended return filed by a taxpayer with the Commissioner of Internal Revenue:

- (1) If the amended return contains an adjustment that would increase the amount of State tax payable under this Part, then notwithstanding the provisions of G.S. 105-241.8(a), the taxpayer must file within six months thereafter an amended return with the Secretary.
- (2) If the amended return contains an adjustment that would decrease the amount of State tax payable under this Part, the taxpayer may file an amended return with the Secretary within the provisions of G.S. 105-241.6.

(c) **Penalties.** – A taxpayer that fails to comply with this section is subject to the penalties in G.S. 105-236 and forfeits the right to any refund due by reason of the determination. (1939, c. 158, s. 334; 1947, c. 501, s. 4; 1949, c. 392, s. 3; 1957, c. 1340, s. 14; 1963, c. 1169, s. 2; 1967, c. 1110, s. 3; 1973, c. 476, s. 193; 1989, c. 728, s. 1.31; 1993 (Reg. § 105-159.1: Repealed by Session Law 2013-38.1(e), effective July 1, 2013.

§ 105-159.2: Repealed by Session Laws 2013-360, s. 21.1(c), as amended by Session Laws 2014-3, s. 14.15, and Session Laws 2013-381, s. 38.1(f), effective July 1, 2013.

Part 3. Income Tax – Estates, Trusts, and Beneficiaries.

§ 105-160. Short title.

This Part shall be known as the Income Tax Act for Estates, Trusts, and Beneficiaries. (1967, c. 1110, s. 3; 1989, c. 728, s. 1.36; 1998-98, ss. 45, 68.)

§ 105-160.1. Definitions.

The definitions provided in Part 2 of this Article shall apply in this Part except where the context clearly indicates a different meaning. In addition, as used in this Part, "taxable income" is defined in sections 641 through 692 of the Code. (1989, c. 728, s. 1.38; 1998-98, ss. 69, 71; 2013-414, s. 5(f).)

§ 105-160.2. Imposition of tax.

The tax imposed by this Part applies to the taxable income of estates and trusts as determined under the provisions of the Code except as otherwise provided in this Part. The taxable income of an estate or trust is the same as taxable income for such an estate or trust under the provisions of the Code, adjusted as provided in G.S. 105-153.5 and G.S. 105-153.6, except that the adjustments provided in G.S. 105-153.5 and G.S. 105-153.6 are apportioned between the estate or trust and the beneficiaries based on the distributions made during the taxable year. The tax is computed on the amount of the taxable income of the estate or trust that is for the benefit of a resident of this State, or for the benefit of a nonresident to the extent that the income (i) is derived from North Carolina sources and is attributable to the ownership of any interest in real or tangible personal property in this State or (ii) is derived from a business, trade, profession, or occupation carried on in this State. For purposes of the preceding sentence, taxable income and gross income is computed subject to the adjustments provided in G.S. 105-153.5 and

G.S. 105-153.6. The tax on the amount computed above is at the rate levied in G.S. 105-153.7. The fiduciary responsible for administering the estate or trust shall pay the tax computed under the provisions of this Part. (1989, c. 728, s. 1.38; 1989 (Reg. Sess., 1990), c. 814, s. 21; 1991, c. 689, s. 302; 1998-98, s. 69; 2013-414, s. 5(g); 2014-3, s. 2.3(a); 2017-204, s. 1.12.)

§ 105-160.3. Tax credits.

(a) Except as otherwise provided in this section, the credits allowed to an individual against the tax imposed by Part 2 of this Article shall be allowed to the same extent to an estate or a trust against the tax imposed by this Part. Any credit computed as a percentage of income received shall be apportioned between the estate or trust and the beneficiaries based on the distributions made during the taxable year. No credit may exceed the amount of the tax imposed by this Part for the taxable year reduced by the sum of all credits allowable, except for payments of tax made by or on behalf of the estate or trust.

(b) The tax credits allowed under G.S. 105-153.9 may not be claimed by an estate or trust. (1989, c. 728, s. 1.38; 1998-1, s. 5(b); 1998-98, ss. 10, 105; 1998-212, s. 29A.6(b); 2004-170, s. 17; 2006-66, s. 24.18(f); 2007-323, ss. 31.4(b), 31.5(b), 31.6(b); 2011-330, s. 36; 2012-79, s. 2.6; 2013-316, s. 1.3(f); 2013-364, s. 3; 2018-5, s. 38.10(l).)

§ 105-160.4. Tax credits for income taxes paid to other states by estates and trusts.

(a) If a fiduciary is required to pay income tax to this State for an estate or a trust, the fiduciary shall be allowed a credit against the tax imposed by this Part for income taxes imposed by and paid to another state or country on income derived from sources within that other state or country in accordance with the formula contained in subsection (b) and the requirements of subsection (c).

(b) The fraction of the gross income for North Carolina income tax purposes that is derived from sources within and subject to income tax in another state or country shall be ascertained and the North Carolina income tax before credit under this section shall be multiplied by that fraction. The credit allowed shall be either the product thus calculated or the income tax actually paid the other state or country, whichever is smaller.

(c) Receipts showing the payment of income taxes to another state or country and a true copy of the return upon the basis of which the taxes are assessed shall be filed with the Secretary at or before the time credit is claimed. If credit is claimed on account of a deficiency assessment, a true copy of the notice assessing or proposing to assess the deficiency, as well as a receipt showing the payment of the deficiency, shall be filed with the Secretary.

(d) If any taxes paid to another state or country for which a fiduciary has been allowed a credit under this section are at any time credited or refunded to the fiduciary, a tax equal to that portion of the credit allowed for the taxes so credited or refunded shall be due and payable from the fiduciary and shall be subject to the penalties and interest on delinquent payments provided in G.S. 105-236 and G.S. 105-241.21.

(e) A resident beneficiary of an estate or trust who is taxed under the provisions of Part 2 of this Article on income from an estate or trust determined to be includable in the resident's gross income is allowed a credit against the tax imposed for income taxes paid by the fiduciary to another state or country on the income in accordance with the formula contained in subsection (b) of this section and the requirements of subsection (c) of this section; provided, that if any taxes paid to

another state or country for which a beneficiary has been allowed credit under this section are at any time credited or refunded to the beneficiary, a tax equal to that portion of the credit allowed for the taxes so credited or refunded shall be due and payable from the beneficiary and shall be subject to the penalties and interest on delinquent payments provided in G.S. 105-236 and G.S. 105-241.21. (1989, c. 728, s. 1.38; 1998-98, ss. 69, 71; 2007-491, s. 44(1)b.)

§ 105-160.5. Returns.

The fiduciary of an estate or trust described below shall file an income tax return under affirmation, showing specifically the taxable income and the adjustments required by this Part and such other facts as the Secretary may require for the purpose of making any computation required by this Part:

- (1) Every estate or trust which has taxable income under this Part during the taxable year and is required to file an income tax return for the taxable year under the Code.
- (2) Every estate or trust which the Secretary believes to be liable for a tax under this Part, when so notified by the Secretary and requested to file a return. (1989, c. 728, s. 1.38; 1998-98, s. 69.)

§ 105-160.6. Time and place of filing returns.

An income tax return of an estate or a trust shall be filed as prescribed by the Secretary at the place prescribed by the Secretary. The return of every fiduciary reporting on a calendar year basis shall be filed on or before the 15th day of April in each year, and the return of every fiduciary reporting on a fiscal year basis shall be filed on or before the 15th day of the fourth month following the close of the fiscal year. A fiduciary may ask the Secretary for an extension of time to file a return under G.S. 105-263. (1989, c. 728, s. 1.38; 1989 (Reg. Sess., 1990), c. 984, s. 12; 1991 (Reg. Sess., 1992), c. 930, s. 7.)

§ 105-160.7. When tax must be paid.

(a) The full amount of the tax payable as shown on the return must be paid to the Secretary within the time allowed for filing the return. However, if the amount shown to be due after all credits is less than one dollar (\$1.00), no payment need be made.

(b) Repealed by Session Laws 1993, c. 450, s. 5. (1989, c. 728, s. 1.38; 1989 (Reg. Sess., 1990), c. 984, s. 13; 1991 (Reg. Sess., 1992), c. 930, s. 8; 1993, c. 450, s. 5.)

§ 105-160.8. Federal determinations.
